AACD MISSION

The American Academy of Cosmetic Dentistry is dedicated to advancing excellence in the art and science of cosmetic dentistry and encouraging the highest standards of ethical conduct and responsible patient care.

BEAUTY, IT'S IN THE EYE OF THE BEHOLDER

Recreate natural beauty with Estelite Omega. **Unleash the MICHELANGELO IN YOU.**

CLASS IV RESTORATION

Performed by Dr. Newton Fahl, Jr.

BEFORE

AFTER

ESTELITE OMEGA

REDEFINING ESTHETIC RESTORATIONS.

Restorations that mimic the opalescence of natural teeth require a superior composite that emulates nature. Estelite Omega was developed in collaboration with Dr. Newton Fahl Jr., a world-renowned master in esthetic dentistry. Omega provides a full spectrum of opacities, with only 11 shades, for simpler restorative procedures. The answer is finally here for Clinicians that have yearned for the recreation of hue, chroma, and value with a simpler restorative composite.

DR. NEWTON FAHL, JR. - developed in collaboration with

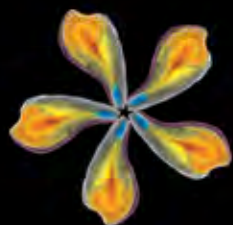

DO MORE WITH LESS - 11 shades creates a full spectrum of opacities

Thursday General Session • 8:00 am - 9:00 am Do you want to be motivated and inspired?

Neil Pasricha, author, "Book of Awesome," will headline the Thursday session. According to Pasricha, the simplest things in life can bring the most happiness—like popping bubble wrap or the first warm day of spring. Pasricha's blog, "1000 Awesome Things," is an award-winning celebration of the little details that are often overlooked but can be instant mood boosters. Pasricha will

explain how to re-frame your state of mind by identifying the little things in life that can bring happiness.

**KICK OFF YOUR
CONFERENCE WITH
"A Night
at the Museum"**
See history come to life while mingling with fellow attendees at this year's Welcome Reception, "A Night at the Museum!" Explore the Smithsonian Museum of Natural History, located in the National Mall in downtown DC, from 7:30 p.m. to 10:30 p.m. on Wednesday, May 2. Remember: Heavy hors d'oeuvres will be served, along with complimentary beer and wine. This special event is INCLUDED in your registration fee!

SMITHSONIAN MUSEUM
OF NATURAL HISTORY

SCHEDULE AT A GLANCE

**Make a
Difference!**

Friday General Session • 8:00 am - 9:00 am

Eric Whitacre, composer, will keynote Friday's session. Prodigy Whitacre completed his first concert work, *Go, Lovely, Rose*, at the age of 21. He went on to the Juilliard School (New York), earned his Master of Music degree and studied with Pulitzer Prize and Oscar-winning composer, John Corigliano.

Whitacre's Virtual Choir 2.0 Sleep, released last April, uses more than 2,000 voices from 58 countries and has become an Internet phenomenon. His accomplishments are inspirational, and he will use them to demonstrate how thinking outside the norm—and connecting and collaborating virtually with others—can produce amazing results.

Help shape the future of the AACD. All members are encouraged to attend the annual membership meeting, to be held on Friday. Come to the meeting, learn about pressing topics within the organization, and be involved in making decisions that will impact the future of the Academy and cosmetic dentistry.

Voter registration opens at 5:30 pm. The meeting runs from 6:00 pm to 8:00 pm.

Don't miss this meeting—your input is valuable!

Now, take the *jCD* with you wherever you go!

Great news for AACD members: The *Journal of Cosmetic Dentistry* is not only available as print and digital editions, but iPad and iPhone apps are now available.

Just go to the Apple App store from your iPad or iPhone and search on AACD. The app is free and offers you more ways to read your favorite clinical publication.

FROM THE AACD PRESIDENT

We Educate. We Inspire. We Connect.

Welcome to the 28th Annual AACD Scientific Session!

If you were to ask me why I think DC is going to be so awesome this year, I'd say: "Drs. David Garber, Eric Van Dooren, and Christian Coachman."

And I'm just getting warmed up.

But first, back to the trio. If you haven't heard already, these three cosmetic dentistry greats will be headlining our opening PowerSession Wednesday afternoon. They're going to educate you on smile design approaches, from conservative to comprehensive. It's a perfect example of "learning outside the lines" (this year's conference theme) and the out-of-box approach to dental education the AACD offers. Make sure every member of your dental team attends this event—it's relevant to all dental professionals.

Speaking of awesome, we have author Neil Pasricha keynoting our Thursday morning general session. Pasricha, who wrote "The Book of Awesome," is going to demonstrate how the little things in life like the cold side of the pillow, finding money in a coat, or snow days can have the most meaning and can completely flip your perspective on life.

Keeping in tune with this "awesome" theme, I invite you to think about what makes the AACD so awesome. Yes, we're awesome because of passionate and committed members like you, but what is it about the AACD that makes you so proud to be a member?

Is it the fact that we educate? Inspire? Connect?

Or all of the above?

We invite you to tell us. The more we know about the things you value—the better we can meet your needs and make the AACD more of your go-to resource for all things cosmetic dentistry.

Thank you again for joining us in DC for what will be another exemplary scientific session. Get ready to work hard, get inspired, and have fun connecting with friends and colleagues, but most of all, "Learn Outside the Lines!"

John K. Sullivan, DDS
AACD President

Registration Hours

Location: Convention Center Prefunction

Tuesday, May 1 5:00 pm – 8:00 pm

Wednesday, May 2.... 7:00 am – 6:00 pm

Thursday, May 3 7:00 am – 6:00 pm

Friday, May 4..... 7:00 am – 6:00 pm

Saturday, May 5 7:00 am – 5:00 pm

Special Needs

If you require special assistance for a disability or have special dietary needs, please advise the AACD Registration Staff once you arrive on-site. They will make every effort to accommodate your requests.

Name Badge and Tickets

Your name badge, special event tickets, and final confirmation notice will be included in your registration packet at the Gaylord National Resort & Convention Center. Materials can be picked up at the registration counters at the Gaylord National Resort & Convention Center. Your name badge contains radio frequency identification (RFID) chip and is required for entrance into all courses and social events. To obtain continuing education credits, you will need to tap your name badge prior to entering each course at the tap-n-go stations located outside each session.

Antitrust Disclaimer

Each attendee at the 28th Annual AACD Scientific Session is free to act in any way he/she chooses following the scientific session with regard to issues presented and discussed. Any conclusion or decision reached, based on issues discussed, must be each dental professional's business decision made independently and based solely on what is in the best interest of that dental professional. In conducting education, and informative programs for its membership, the AACD does not recommend nor necessarily endorse any particular course of conduct.

Photographing, Video Taping, or Audio Taping of AACD General Sessions, Lectures, and Workshops

The use of video, photographic, or audio recorders is prohibited during AACD general sessions, lectures, and workshops due to contracts with AACD speakers and entertainers. The AACD reserves the right to confiscate these items and hold them until after the scientific session.

Scientific Session Location and

Hotel Information

Gaylord National Resort & Convention Center
201 Waterfront Street
National Harbor, MD 20745

Your Tuition Includes:

- All open lectures and applicable hands-on workshops*
- Various social events including: the Welcome Reception, continental breakfasts, exhibit hall networking lunch, and evening socials
- Motivational and entertaining general sessions
- Access into the AACD exhibit hall, which features the latest in dental technology

*Please note: Hands-on workshops are not available to all registration types. To review what is available to you, please visit www.aacdconference.com.

First Aid and Emergency

First aid is provided 24 hours a day. To summon emergency aid, pick-up any house phone or dial 333 from your room.

Attire

Standard attire for attendees is business casual. The Celebration of Excellence gala is formal-ball gown and black tie preferred (dark suit, cocktail dress acceptable).

Saturday, May 5..... 11:00 am – 6:00 pm

ENRICH YOUR CONFERENCE EXPERIENCE

Resources to Stay Connected, Stay Engaged

Use Your Smartphone or iPad for social media and other technology to enrich your conference experience

You can get more from your Annual AACD Scientific Session by plugging in to the online conference conversation. There are a number of ways to stay connected—and be in-the-know—while in Washington, DC.

Conference Apps

If you're an iPhone, iPad, Blackberry, or Android user, the AACD has an Annual Scientific Session App to help you navigate courses and room locations, keep track of your personal itinerary, find an exhibitor, review speaker profiles and more, right from your smartphone. Search the app store under AACD. (And, while you're there, if you have an iPhone or iPad, you can also download the *Journal of Cosmetic Dentistry* app for free!)

Also, you can download the free app from Gaylord Hotels, our host for the session, and tap into maps, local attractions and more, in and around Gaylord National, in National Harbor, Maryland.

Get Social!

For Washington, DC 2012, we've combined our social media feeds—Twitter, Facebook, and

the AACD blog—into one destination. You can access this new social hub by visiting www.AACDconference.com and clicking on the Social Media Hub link. That way, you can converse and stay in-the-know all year leading up to the conference. This same hub will be displayed on site, on a large, multi-screen social media wall near registration.

Get in on the Conversation

Follow your Academy on Twitter. Just go to twitter.com/theaacd. Sign up, if you're not already registered at Twitter, and begin following the AACD. Or, you can text follow TheAACD to 40404 in the United States. If you're tweeting from the conference, or you're doing any tweeting about the AACD throughout the year, use the "hashtag" #aacd and followers can track the conversations about the Academy and the Washington, DC, event in one place.

QR Codes Might Hold a Surprise

Keep your eyes peeled for those square blocks, called QR (Quick Response) Codes. Download a free app on your smartphone (search on "QR code scanner") to scan these codes and lead you to websites, videos, additional content, and special offers—right on your phone.

**Sign Up for
Free Text
Alerts!**

WANT TO KNOW—in an instant—about room changes, schedule updates, and other important communications while you're in Washington, DC? Conference registrants can opt-in to receive text alerts by texting **dc2012** to **64244**. You will only receive text alerts for the duration of the conference.

Engage, share, and stay connected to your friends, your patients, and your practice

The AACD has a growing, active community of followers, friends, and fans on Facebook. Visit www.facebook.com/theaacd25. Click on the Welcome link and be sure to "like" the AACD so future wall posts show up in your personal or practice Facebook feed. You can post pictures, videos, and comment on others' posts. You can also share your videos by uploading them to AACD's YouTube page at www.youtube.com/AACD123. Do you have a camera in your phone? Post your conference images to AACD's Flickr page at www.flickr.com/photos/theaacd/

It's YOUR community

My AACD is the community space dedicated to AACD members where you can download shared documents and conference handouts, engage in discussions, connect with colleagues, and provide encouragement and information to your fellow members. Go to www.AACD.com and click on the My AACD link located in the upper right-hand side of the home page. Then log in with your member ID number and password. If you forgot your login information, you can request a reminder from the login page.

Give Back a Smile: How You Can Help

There are many ways to get involved and help support Give Back a Smile at this year's session—while having fun! Take advantage of all these opportunities to support a great cause!

The Give Back a Smile (GBAS) program launched in 1999. Since then, AACD member dentists, dental laboratories, and other dental professionals have volunteered their time and expertise pro bono, to restore the damaged smiles of more than

1,200 survivors of intimate partner violence for a total dollar value of more than \$11 million. And we're confident we can help even more!

Give Back a Smile Fundraiser

At this year's Annual AACD Scientific Session, Give Back a Smile is taking a musical twist on fundraising by hosting the Celebration of Smiles Event at dueling piano bar Bobby McKey's in National Harbor, just steps from the Gaylord conference center. For just \$30, you'll receive an unforgettable evening of live music and camaraderie to support the AACD Charitable Foundation's GBAS program and the survivors of domestic violence. To sweeten the deal, the dueling pianists have generously agreed to donate their tips to GBAS! MicroDental also is a sponsor of this great event.

MICRODENTAL
laboratories

Be the Highest Bidder at the Silent Auction!

GBAS has worked hard to secure many great items for this year's Silent Auction, including an iPad 2! Bid early and often, we have lots to choose from, and the more you bid, the better your chance to win!

The Silent Auction will be held in the exhibit hall Thursday through Saturday, offering numerous items including autographed Hollywood memorabilia, sports star memorabilia, and of course dental products. Be sure to stop by and bid! The auction will end on Saturday at 1:00 p.m., with item pick up from 4:00 p.m. to 6:00 p.m. in the exhibit hall. It's a great opportunity to take home a nice gift and support your foundation!

New to the Scientific Session: The Psychology of Dentistry!

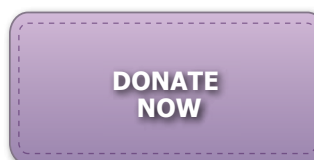

AACD is encouraging GBAS volunteers, or those who might be interested in becoming a volunteer, to register for a new course to the conference this year—L333, "The Psychology of Dentistry," with Dr. John Leite.

This course will enable dental professionals to understand how to work with psychologically vulnerable patients who may be exhibiting signs of depression, situational trauma, or eating disorders.

Dr. Leite also will focus on how to understand the long-term emotional and behavioral effects potentially exhibited by patients enrolled in the Give Back a Smile program. Sign up now or stop by the registration desk for more information.

Make a Personal Donation to GBAS!

The AACD understands that the session is a busy time for its attendees. If you're unable to participate in these conference activities, you can always make a personal donation to GBAS through the AACD website.

Simply visit www.AACD.com/donate and make a contribution today. Every little bit helps—and you can donate in honor of a loved one!

DID YOU KNOW?

Member Benefits Rundown

AACD Members have unbeatable benefits! Whether you're a member or attending this year's conference as a guest, here's a list of just SOME perks AACD members receive from the Academy:

Virtual Learning. Our dentists are busy, so the AACD offers learning opportunities members can access online—any time, anywhere—including a premium membership to Dental XP and one free course annually from HDiQ Dental. These benefits are valued at \$490 per year and more than pay for your member dues.

dentalxp

HDiQ
DENTAL

Be sure to visit DentalXP in the Exhibit Hall at Booth #108 and HDiQ Dental at Booth #118!

In addition, the AACD Webinar Series offers FREE learning opportunities to members anywhere they have an Internet connection. Webinars are held approximately once per month and

feature many of cosmetic dentistry's biggest names. The series is archived so members can access webinars at their convenience.

Live Learning. In addition to Annual Scientific Sessions, AACD Unplugged, an all-new live education experience series, offers a hands-on learning opportunity in a small-group environment at the AACD Executive Office in Madison, Wisconsin. AACD's first meeting of this series took place in March, and we have more planned for the future. Watch your e-mail and AACD.com for updates and announcements.

Accreditation. Take the step to earning this highly acclaimed credential by passing the Accreditation Written Exam (which will be offered in DC the afternoon of May 3!) Those who choose to embark on the journey toward Accreditation receive mentoring and networking opportunities, and a subscription to Raising the Bar, AACD's e-newsletter targeted specifically to Members in the Process.

Publications.

The *Journal of Cosmetic Dentistry*, now available through iPhone and iPad apps, is cosmetic dentistry's premiere peer-reviewed magazine. A quarterly print edition is mailed to each member, and a digital version is available on the AACD website for quick access anytime.

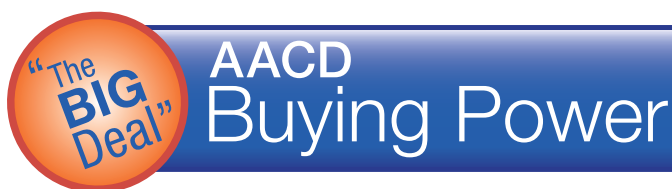

Academy Connection, a multi-media digital publication, offers members Academy news and events, information about the industry, and practice management and marketing.

Professional Discounts & Savings.

Price Bite. A new deal each month, the AACD offers members a variety of products or services at a reduced rate through AACD Price Bite. Past deals have members-only savings on everything from Six Month Smiles seminars to online dental marketing services. Visit www.AACD.com/pricebite for more.

• **PriceBite**

AACD Buying Power. Through this service, you can save 15% or more on the dental equipment and consumables from a leading supplier. A one-dentist practice can save \$4,500 per year on supplies you already buy!

Dear Doctor discounts. Discount on *Dear Doctor* magazine patient education. Feature your practice in *Dear Doctor* magazine—distributed in your community and waiting room—and save 20% as an AACD member.

FedEx. As an AACD member, you can save up to 29% on select FedEx shipping services!

Philanthropic Benefits.

Give Back a Smile. According to the National Coalition Against Domestic Violence, it is estimated that 1.5 million people experience intimate partner violence each year. The American Academy of Cosmetic Dentistry Charitable Foundation's (AACDCF) Give Back a Smile (GBAS) program heals some of the most devastating effects of intimate partner violence, by restoring the smiles of adult women and men who have suffered damage to, or lost, their smiles at the hands of a former intimate partner or spouse. Visit www.AACD.com/helpGBAS to learn how you can support GBAS.

Promotional Materials.

AACD Print Shop.

Looking for a way to promote your practice? With AACD Print Shop, you can create custom dental brochures with your practice's logo and contact information. Available brochures cover procedures like teeth whitening and veneers. Visit www.aacd.com/printshop today!

Logo Use. You can find the most recent AACD logo through Document Sharing in My AACD. Show everyone you are proud to be a member of the AACD!

Find-a-Dentist. Let prospective patients find YOU through the AACD's worldwide online search directory. "Find a Cosmetic Dentist and Find a Laboratory Technician," is searchable through the AACD website, www.AACD.com, and is visited by tens of thousands of consumers each year.

And more!

My AACD. Recently relaunched, My AACD is your online community to collaborate, network, join groups, and discuss topics of interest relating to cosmetic dentistry and the AACD.

AACD HAPPENINGS

Wednesday, May 2, 2012

Orientation for First-Time Attendees

12:00 noon – 1:30 pm | Location: Pose Ultralounge & Nightclub
By Invitation

First-time attendees, this orientation is for you! Get acquainted with other first-time attendees and long-time AACD scientific session participants who will help you achieve your educational goals during the 28th Annual AACD Scientific Session.

General Session

2:30 pm – 5:30 pm | Location: Potomac A
All Attendees | Included in Tuition Fee

Attend all three general sessions to get the most from your conference experience. This year's opening PowerSession will feature three world-renowned educators, Drs. Christian Coachman, David Garber and Eric Van Dooren, and will focus on three different smile design approaches.
See page 22 for specific information.

Newly Accredited and Accredited Fellow Members Networking Reception

6:00 pm – 7:00 pm | Location: Potomac 1 - 6 Foyer
By Invitation

Mingle with other Newly Accredited and Accredited Fellow Members, their families and the American Board of Cosmetic Dentistry, as the AACD celebrates your achievements. Congratulations!

Welcome Reception

7:30 pm – 10:30 pm | Location: Museum of Natural History
All Attendees | Included in Tuition Fee

Shuttles depart starting at 7:00 pm from the Woodrow Wilson Bus Loop.

Additional Tickets \$90 (USD)/Person and \$45 (USD)/Child ages 6 to 15

See history come to life while mingling with fellow attendees at this year's Welcome Reception, "A Night at the Museum!" Explore the Smithsonian Museum of Natural History, located in the National Mall in downtown DC, from 7:30 p.m. to 10:30 p.m. on Wednesday, May 2.

ALL exhibits will be open to AACDers! Heavy hors d'oeuvres will be served, along with complimentary beer and wine. This special event is INCLUDED in your tuition fee! It's the perfect place to meet new friends and catch up with old ones. Help us kick off the scientific session and make history!

Thursday, May 3, 2012

Continental Breakfast

7:00 am – 9:00 am | Location: Potomac A Foyer
All Attendees | Included in Tuition Fee

VISIT BOOTH #627

SCIENTIFIC SESSION OVERVIEW

The 28th Annual AACD Scientific Session

features the world's most comprehensive continuing education opportunity for cosmetic dental professionals. In the lecture halls, renowned dental educators present the key concepts in clinical cosmetic dentistry. Dentists and laboratory technicians learn one-on-one the latest techniques in an array of in-depth hands-on workshops.

Continuing Education Credits

Scientific session attendees are eligible to earn certified continuing education credits for their participation in the 28th Annual AACD Scientific Session. The AACD is a recognized credit provider for the Academy of General Dentistry, American Dental Association, and National Association of Dental Laboratories.

American Academy of Cosmetic Dentistry®
is an ADA CERP Recognized Provider

CONTINUING
APPROVED
EDUCATION

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

The AACD designates this activity for 24 continuing education credits.

Recorded Courses

Don't forget to look for recorded courses (audio & video). Look for the video  icon and/or the audio  icon near the course number in the course detail

Denotes that these sessions will be recorded and are available for purchase (video and/or audio). All recorded courses are subject to change. Stop by the Source of Knowledge table for a full list of recordings.

For your convenience, each course has been categorized according to...

...Your Role on the Dental Team

You will find lists of 'Recommended Courses for **Accreditation**,' 'Recommended Courses for **Dentists**,' 'Recommended Courses for **Laboratory Technicians**,' 'Recommended Courses for **Team Members** (dental assistants, hygienists, office personnel, and patient coordinators),' and 'Recommended Courses for **Spouse/Guest**' listed in the small boxes near the course synopsis. These courses are recommended according to each professional's role on the dental team. Please understand these are recommendations only. It does not mean these are the only courses available to you.*

*Dentists, laboratory technicians, and supporting registrants registered at the full tuition rate (\$1595 (USD)/\$1845 (USD)) and recent graduates can pre-select and attend all hands-on workshops and lectures except for those geared toward team members.

Team members, laboratory auxiliary, students, and guests/spouses registered at special discounted rates can pre-select and attend all lectures and applicable hands-on workshops. Spouse/Guest can also pre-select and attend Greet, Eat, and Meet Activities.

...Skill Level

Use the skill levels category to assist you in selecting the courses that best suit your skill level and professional goals. '**Foundational**' means you know dentistry and are looking to expand your understanding of cosmetic dentistry. You want to know the ins and outs, basic concepts, and essential building blocks of cosmetic dentistry. '**Intermediate**' means you possess strong foundational knowledge and are looking to expand and fine-tune your skills in cosmetic dentistry. You want to achieve an advanced skill level in cosmetic dentistry. '**Advanced**' means you are extremely knowledgeable in cosmetic dentistry. This is your passion and you need to keep up-to-date on all the latest trends and techniques. You want to stay at the top of your game.

...Clinical or Non-Clinical Nature

The AACD offers well-rounded education for you and your team to succeed professionally and personally. Take advantage of this perfect educational mix and balance '**Clinical**' and '**Non-Clinical**' courses using this category listing.

...Accreditation Journey

The AACD maintains dentistry's most recognized advanced credentialing program in cosmetic dentistry. Find both '**Required**' and '**Recommended**' courses using this category listing. These courses will help you on your journey toward Accreditation or Fellowship.

Yeah, it's kinda like that.
But totally **worth** it.

Our members say that AACD Accreditation is a challenge, but it's also a life-changer.

Take the **first step** toward earning your credential and sign up for the written examination today at the AACD registration desk before 10:00 am on Thursday, May 3.

GREET, EAT, AND MEET ACTIVITIES

Thursday, May 3, 2012

LOCATION: WOODROW WILSON BUS LOOP

G200

Art and Architecture: Treasures of the Capitol City

9:00 am – 12:30 pm

Attendance Limited to 35

Spouse/Guest

This tour is designed to experience the best art and architecture Washington, DC has to offer. Begin at the National Portrait Gallery's Hall of Presidents, which has the only complete set of presidential portraits outside of the White House. Visit the Library of Congress Thomas Jefferson Building, which opened in the late 19th Century as the most beautiful building in America. The National Building Museum features an incredible terra cotta frieze unlike anything else in America. Last, Renwick Gallery, named for architect James Renwick (who also designed St. Patrick's Cathedral in New York City and the Smithsonian Castle) is a Second Empire design, which features remarkable decorative ornamentation in carvings and niches, and which houses unique American art and craft work.

LOCATION: WOODROW WILSON BUS LOOP

G210

The Lost Symbol Tour

9:30 am – 12:30 pm

Attendance Limited to 35

Spouse/Guest

On this exciting tour, put yourself in Robert Langdon's shoes to explore Washington, DC. Little-known Masonic symbolism is all over the city. Visit the Capitol. See the Library of Congress, House of the Temple (Scottish Rite Headquarters), the National Monument, Freedom Plaza, and much more.

Georgetown Day: Leisure Shopping and Exploration

9:30 am – 1:00 pm

Attendance Limited to 35

Spouse/Guest

Georgetown is one of Washington, DC's gem neighborhoods, complete with history, culture, grand estates, fine restaurants, and world-class shopping. Today, enjoy all that Georgetown has to offer as you explore and shop on your own. The Shoppes at Georgetown, boutiques and brands on M Street and Wisconsin Avenue, Georgetown Cupcake, and more all await you.

Saturday, May 5, 2012

LOCATION: WOODROW WILSON BUS LOOP

G400

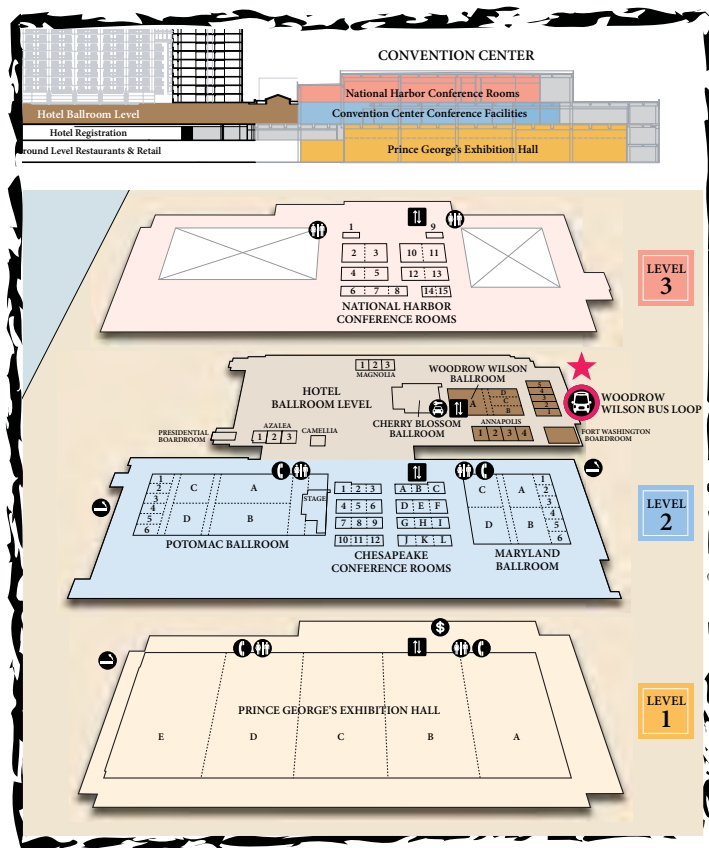

Leading Ladies: Wives and Women of Great Statesmen

9:00 am – 3:00 pm

Attendance Limited to 35

Spouse/Guest

Today, get an exclusive look into the lives of some of the most well-known women in the world: The First Ladies of the United States. Begin at the National Museum of American History, our nation's premier U.S. history museum, and home of the First Ladies Gown exhibit. With your guide, view these preserved inaugural gowns made famous by the women of the White House. Continue to the FDR Memorial: One of Washington's best kept secrets. This peaceful memorial along the Tidal Basin is home to the statue of Eleanor Roosevelt the only U.S. memorial dedicated to a First Lady. Continue your day at Zaytinya restaurant. Under the direction of celebrated chef José Andrés, Zaytinya offers an innovative mezze menu inspired by Turkish, Greek and Lebanese cuisine served up in a sleek, modern setting. Since opening in 2003, Zaytinya consistently ranks as a top Washington, DC dining destination.

Advanced Accreditation Workshop

Betsy Bakeman, DDS
Scott Finlay, DDS
Nils Olson, DDS
Nelson Rego, CDT

8:00 am – 2:00 pm
AGD Subject Code: 780
CE Units: 3.0L & 2.5P

Dentist Lab Tech Advanced Clinical

Accreditation Recommended

(Write your name, member number, and case type on each memory stick using a permanent marker for identification).

Educational Objectives:

1. Understand how cases for Accreditation are judged based on specific criteria
2. Sharpen your eye to discern fine details in judging cosmetic dentistry
3. Present cosmetic dentistry cases for feedback to decide if the criteria has been met

MORNING LECTURE

LOCATION: POTOMAC C – LEVEL 2
COURSE • A101

TOPIC • ACCREDITATION

Accreditation Workshop

Bradley J. Olson, DDS

8:00 am – 11:00 am
AGD Subject Code: 780
CE Units – 3.0L

Dentist Lab Tech Foundational Clinical

Accreditation Required

Educational Objectives:

1. Become familiar with the requirements for AACD Accreditation
2. See examples of Accreditation cases
3. Understand why a credential in cosmetic dentistry is desirable

AFTERNOON LECTURE

LOCATION: POTOMAC C – LEVEL 2
COURSE • A102

TOPIC • ACCREDITATION

Criteria Workshop

Bradley J. Olson, DDS

12:00 noon – 2:00 pm
AGD Subject Code: 780
CE Units – 2.0L

Dentist Lab Tech Foundational Clinical

Accreditation Required

Educational Objectives:

1. Become familiar with the criteria used in Accreditation examinations
2. See dentistry examples that satisfy or fall short of the criteria
3. Understand the relationship between Accreditation criteria and excellence in cosmetic dentistry

AFTERNOON LECTURE

LOCATION: POTOMAC 6 – LEVEL 2
COURSE • L126

TOPIC – SPOUSE FORUM

Supportive Partners – A Forum for Dental Spouses

Diane Bernstein

3:00 pm – 5:30 pm
AGD Subject Code: 770
CE Units: 2.5L

Team Foundational Non-Clinical

Educational Objectives:

1. Learn what your cohorts are experiencing
2. Understand the primary principles of working with your spouse
3. Learn how to present yourself to the staff

WEDNESDAY • MAY 2

Opening Clinical PowerSession— Wednesday Afternoon, 2:30 pm - 5:30 pm for All Attendees

Contemporary Approach to Smile Design —Conservative to Comprehensive

Christian Coachman, DDS, CDT
David Garber, DMD
Eric Van Dooren, DDS

Location: Potomac A – Level 2

Course: L125

AGD Subject Code: 149

CE Units: 3.0L

Moderated by Dennis Wells, DDS

Smile design is the primary principle of a restorative treatment plan. This program will review several approaches to addressing patient needs from the most fundamental process of conservative tooth alteration, direct composite application, and ceramic veneers to comprehensive treatment involving implants and complex restorative procedures.

Educational Objectives:

1. Identify principles to design a smile that fit functional and emotional patient needs
2. Understand modern techniques and materials for achieving patient esthetic expectations
3. Learn how to develop a protocol to improve the esthetic diagnosis, communication, and predictability of esthetic rehabilitations

Join us in
Potomac A
on Level 2!

Preoperative and Postoperative work of Eric Van Dooren, DDS, lab work by Murilo Calgaro, CDT. Published in the *Journal of Cosmetic Dentistry*, Vol. 27 Issue 1.

ALL DAY

LECTURE

LOCATION: POTOMAC C – LEVEL 2
COURSE – L210

TOPIC – COSMETIC DENTISTRY PRINCIPLES
Timeless Principles in Esthetic Dentistry

John Cranham, DDS
Peter Dawson, DDS
Scott Finlay, DDS

9:15 am – 5:30 pm
AGD Subject Code: 780
CE Units: 6.0L

Course breaks for lunch 12:15 pm to 2:30 pm

Dentist	Lab Tech	Intermediate	Clinical
---------	----------	--------------	----------

Educational Objectives:

1. Learn ten principles every esthetic dentist and laboratory technician must know
2. Understand the essential relationship between function and esthetics to insure predictability
3. Identify, prior to esthetic treatment, which patients pose a risk to future instability
4. Learn how to sequence the four key functional and four esthetic components of every beautiful, functionally correct smile – the gateway to 4x4 treatment planning
5. Transform your vision of a traditional general practice to one thriving with elective esthetic and advanced restorative cases

MORNING

LECTURE

LOCATION: NATIONAL HARBOR 2 – LEVEL 3
COURSE – L211

TOPIC – IMPLANTS

Esthetics with Implants, Periodontal Plastic Surgery and Ceramics

Christian Coachman, DDS, CDT
Eric Van Dooren, DDS

9:15 am – 5:30 pm
AGD Subject Code: 695
CE Units: 6.0L

Course breaks for lunch 12:15 pm to 2:30 pm

Dentist	Intermediate	Clinical
---------	--------------	----------

Educational Objectives:

1. Learn how to select the best material for each case
2. Understand the techniques for soft tissue and abutment design
3. Acquire tools for better interdisciplinary communication

MORNING

LECTURE

LOCATION: NATIONAL HARBOR 3 – LEVEL 3
COURSE - L212
TOPIC – WEAR
Diagnosis and Treatment of the Worn Dentition

Robert Margeas, DDS

9:15 am – 12:15 pm

AGD Subject Code: 188

CE Units: 3.0L

Dentist

Lab Tech

Advanced

Clinical

Educational Objectives:

1. Understand the different causes of wear
2. Salvage a worn dentition
3. Plan a full mouth reconstruction

MORNING

LECTURE

LOCATION: NATIONAL HARBOR 4 – LEVEL 3
COURSE – L213
TOPIC – RESTORATIONS
How to Achieve the Best Oral Cosmetic Appearance While Preserving Maximum Natural Tissues

Mikako Hayashi, DDS, PhD
Morihiro Miyamae, PhD

9:15 am – 12:15 pm

AGD Subject Code: 780

CE Units: 3.0L

All Attendees

Intermediate

Clinical

Educational Objectives:

1. Learn how to enhance the smile on a patient's face while preserving maximum natural tissue
2. While focusing on advanced techniques and materials, learn the advantages of using MI treatment in cosmetic dentistry
3. Learn how to reconstruct esthetic and stable occlusion and periodontal tissue

ALL DAY

HANDS-ON WORKSHOP

LOCATION: NATIONAL HARBOR 12 – LEVEL 3
COURSE - W214
TOPIC – ACCREDITATION (CASE TYPE V)
Replacing Mother Nature Through Layering, Contouring, and Appropriate Polishing with Composites

Attendance Limited to 50

Materials and equipment supported by Bisco Dental Products and Heraeus.

Brian LeSage, DDS
Frank Milnar, DDS

9:15 am – 5:30 pm

AGD Subject Code: 730

CE Units: 6.0P

Course breaks for lunch 12:15 pm to 2:30 pm

Dentist

Lab Tech

Advanced

Clinical

Accreditation Recommended

Educational Objectives:

1. Use a unique model to train and calibrate your visual perception of polychromaticity, incisal halo, and incisal effects that need to be replicated
2. Learn to use the model as your guide to mirror line angles, outline form, primary, secondary, tertiary anatomy, and the appropriate luster and polish
3. Understand porcelain finishing and polishing to aid with intra and extra-oral finishing for minimally invasive dentistry

Disclaimer: The American Board of Cosmetic Dentistry does not endorse any particular clinical technique or style, nor does it endorse particular products or materials. It is acknowledged that Accreditation success is not dependent on the technique or the materials used, but on the excellence of the final result.

Dr. LeSage receives an honorarium from Bisco and Heraeus.

MORNING

LECTURE

LOCATION: NATIONAL HARBOR 5 – LEVEL 3
COURSE - L215

TOPIC – ACCREDITATION
Photography Lecture for Accreditation Documentation

Brett Magnuson, DMD

9:15 am – 12:15 pm

AGD Subject Code: 138

CE Units: 3.0L

 Recommended lecture for W314 · Friday, 9:15 am - 12:15 pm
 or W332 · Friday, 2:30 pm - 5:30 pm

Dentist

Lab Tech

Advanced

Non-Clinical

Accreditation Recommended

Educational Objectives:

1. Learn photography basics and equipment options
2. Learn how to perfect images for the AACD Accreditation photography series
3. Manage RAW images, conversion to JPEG, and create an AACD PowerPoint® presentation for mentor communication

MORNING LECTURE

LOCATION: NATIONAL HARBOR 11 – LEVEL 3
COURSE – L216

TOPIC – BUSINESS STAFF COMMUNICATION

Just Because You Are an Expert...Doesn't Make You Interesting. How to Inspire People to Act on Your Advice

Paul Homoly, DDS

9:15 am – 12:15 pm
AGD Subject Code: 557
CE Units: 3.0L

All Attendees

Foundational

Non-Clinical

Educational Objectives:

1. Learn how to create interest to peak the listener
2. Discover the differences between educating vs. influencing patients and team members
3. Learn how to avoid the most common errors made by uninteresting experts

Dr. Homoly is a consultant for CareCredit, Pacific Dental, Homoly Communications, Sirona Dental Systems, and Patterson Dental.

MORNING LECTURE

LOCATION: NATIONAL HARBOR 13 – LEVEL 3
COURSE - L217

TOPIC – MATERIALS

*When Things Don't Go Right
How to Make Materials Work for You*

Shannon Brinker, CDA, CDD

9:15 am – 12:15 pm
AGD Subject Code: 017
CE Units: 3.0L

Dental Assistant

Foundational

Clinical

Educational Objectives:

1. Test and use materials that you encounter every day
2. Learn what to use, when, and why
3. Learn everything from soup (impressioning) to nuts (bleaching systems) and everything in between

MORNING LECTURE

LOCATION: NATIONAL HARBOR 10 – LEVEL 3
COURSE - L218

TOPIC – HYGIENE

Hygiene – The CSI of the Mouth – We Don't Know What We Can't See!

Stephanie Lodding, RDH

9:15 am – 12:15 pm
AGD Subject Code: 730
CE Units – 3.0L

Hygienist

Foundational

Clinical

Educational Objectives:

1. Learn bacterial testing of the mouth and how the systemic link is directly affected by bacteria
2. Learn how HPV can be a precursor to oral cancer, which patients should be tested, and how to test
3. Learn practice building tools to help launch your practice potential to the next level

Ms. Lodding receives an honorarium from Oral DNA Labs.

MORNING LECTURE

LOCATION: POTOMAC 1 – LEVEL 2
COURSE - L219

TOPIC – SMILE DESIGN

*Modern Cosmetic Dentistry: Meeting the High Demands of
Esthetic Excellence*
Supported by GC America, Inc.

Wynn Okuda, DMD

9:15 am – 12:15 pm
AGD Subject Code: 780
CE Units – 3.0L

Dentist

Foundational

Clinical

Educational Objectives:

1. Learn how to manage the demanding cosmetic patient
2. Learn how to make bleached esthetic restorations appear natural and not look like "white Chiclet teeth"
3. Learn how to create predictable, consistent esthetic success in your practice with a combination of treatment and accelerated treatment using smart technology

MORNING HANDS-ON WORKSHOP

LOCATION: POTOMAC 2 – LEVEL 2

COURSE - W250

TOPIC – COMPOSITES

Posterior Composites: A Practical, Efficient Technique

Attendance limited to 30

Supported by Kerr Corporation

Ronald Jackson, DDS

9:15 am – 12:15 pm

AGD Subject Code: 731

CE Units: 3.0P

Dentist

Intermediate

Clinical

Educational Objectives:

1. Review current adhesives and matricing techniques for placing Class II composite restorations
2. Understand the science and technology of SonicFill™
3. Appreciate the value and time savings of placing posterior restorations using bulk fill technology

MORNING HANDS-ON WORKSHOP

LOCATION: NATIONAL HARBOR 7 – LEVEL 3

COURSE - W251

TOPIC – PREPARATION DESIGN

Maximize Your Aesthetic Results Through New Concepts in Preparation Design

Attendance limited to 50

Supported by Heraeus

Joyce Bassett, DDS

9:15 am – 12:15 pm

AGD Subject Code: 253

CE Units – 3.0P

Dentist

Intermediate

Clinical

Educational objectives:

1. Own the knowledge and ability to confidently prepare a difficult space management case
2. Master the concepts of reduction preparation guides and know how, and when, to use and integrate the guides with basic preparation design principles
3. Master composite provisional augmentation and then use depth cutters across the facials to facilitate preparation for minimal tooth reduction

MORNING HANDS-ON WORKSHOP

LOCATION: CHESAPEAKE 5 – LEVEL 2

COURSE - W252

TOPIC – COMPOSITES

Mastering Anterior Direct Composite Resin Workshop

Attendance limited to 30

Supported by Tokuyama Dental America, Inc.

James Peyton, DDS

9:15 am – 12:15 pm

AGD Subject Code: 254

CE Credits: 3.0P

Dentist

Foundational

Clinical

Educational Objectives:

1. Learn to use a typodont to practice necessary techniques
2. Learn how to build a direct resin veneer and discuss how to apply the technique to the construction of six or more direct resin veneers
3. Learn, discuss, demonstrate, and participate in shade selection, material placement, and finishing and polishing procedures

MORNING HANDS-ON WORKSHOP

LOCATION: POTOMAC 5 – LEVEL 2

COURSE - W253

TOPIC – VENEERS

Creating Veneer Success

Attendance limited to 34

Supported by 3M ESPE Dental

Betsy Bakeman, DDS

9:15 am – 12:15 pm

AGD Subject Code: 719

CE Units: 3.0P

Dentist

Foundational

Clinical

Educational Objectives:

1. Develop preparation design skills and confidence using preparation reduction guides
2. Develop provisionalization methods to minimize problems and fabricate provisionals that look good
3. Learn a simplified technique for predictable bonded veneers

MORNING HANDS-ON WORKSHOP

LOCATION: POTOMAC 3 – LEVEL 2

COURSE - W254

TOPIC – ADHESIVES

Predictable Cementation of Esthetic Restorations

Attendance limited to 50

Supported by Ivoclar Vivadent, Inc.

Michael Koczarski, DDS

9:15 am – 12:15 pm

AGD Subject Code: 780

CE Units: 3.0P

Repeated Thursday, 2:30 pm – 5:30 pm · W263

Dentist	Intermediate	Clinical
---------	--------------	----------

Educational Objectives:

1. Identify the advantages and the limits of today's cements
2. Understand the principles of adhesion and how to select the ideal cement based on indication, prep design, and material type
3. Learn hands-on, step-by-step procedures to delivering all-ceramic restorations with confidence and success

MORNING HANDS-ON WORKSHOP

LOCATION: CHESAPEAKE 6 – LEVEL 2

COURSE - W255

TOPIC – ADHESIVES

Adhesive Restorations – Hands-on Practicum

Attendance limited to 50

Supported by Ultradent Products, Inc.

John Kanca, III, DMD

9:15 am – 12:15 pm

AGD Subject Code: 254

CE Units: 3.0P

Repeated Thursday, 2:30 pm – 5:30 pm · W264

Dentist	Intermediate	Clinical
---------	--------------	----------

Educational Objectives:

1. Learn how to place a proper Class II contact
2. Learn how to create anatomy efficiently
3. Learn how to desensitize preparations

MORNING HANDS-ON WORKSHOP

LOCATION: POTOMAC 6 – LEVEL 2

COURSE - W256

TOPIC – SMILE DESIGN

Digital Smile Design

Attendance limited to 50

Supported by MicroDental Laboratories

Lee Culp, CDT

Ken Jones, CDT

9:15 am – 12:15 pm

AGD Subject Code: 615

CE Units: 3.0P

Dentist	Lab Tech	Foundational	Clinical
---------	----------	--------------	----------

Educational Objectives:

1. Learn to create tooth shapes on a computer
2. Try different tooth shapes and arrangements
3. Learn to turn digital data into temporary and final ceramic restorations

MORNING HANDS-ON WORKSHOP

LOCATION: NATIONAL HARBOR 6 – LEVEL 3

COURSE - W257

TOPIC – LASERS

The Clinical Application of Diode Lasers and Curing Lights in Principle-Based Patient Care

Attendance limited to 50

Supported by Philips - Sonicare Zoom Whitening

Michael Miyasaki, DDS

9:15 am – 12:15 pm

AGD Subject Code: 497

CE Units: 3.0P

Repeated Thursday, 2:30 pm – 5:30 pm · W265

Dentist	Foundational	Clinical
---------	--------------	----------

Educational Objectives:

1. Learn how to perform common laser procedures, laser-tissue interaction, laser efficacy, and principles for use of diode lasers
2. Understand the value of lasers in a dental practice including the ROI, patient attraction, and retention
3. Understand the science of curing lights and their use in successful adhesive techniques

MORNING

HANDS-ON WORKSHOP

LOCATION: CHESAPEAKE 4 – LEVEL 2

COURSE – W258

TOPIC – COMPOSITES

Direct Composite Restorations Manufactured to Look Better and Last Longer

Attendance limited to 50

Supported by Ultradent Products, Inc.

**Nasser Barghi, DDS**

9:15 am – 12:15 pm

AGD Subject Code: 254

CE Units: 3.0P

Repeated Thursday, 2:30 pm – 5:30 pm · W266

Dentist

Intermediate

Clinical

Educational Objectives:

1. Achieve esthetics and function with direct composite resin by practicing minimally invasive dentistry
2. Practice the concept of layering in anterior and posterior direct esthetic restorations
3. Manage esthetic restorations and the art and science of intra-oral repair

MORNING

HANDS-ON WORKSHOP

LOCATION: POTOMAC 4 – LEVEL 2

COURSE - W259

TOPIC – COMPOSITES

Lingerie of the Smile? Yes – Incisal Translucency!

Attendance limited to 50

Supported by Cosmedent, Inc.

**Corky Willhite, DDS**

9:15 am – 12:15 pm

AGD Subject Code: 730

CE Units: 3.0P

Dentist

Foundational

Clinical

Educational Objectives:

1. Differentiate between using tints, opaques, and translucent composite to create incisal translucency
2. Understand the differences in translucency patterns for each tooth
3. Avoid the common mistakes that often create a fake look

AFTERNOON

EXAMINATION

LOCATION: POTOMAC D – LEVEL 2

COURSE - A200 · A201

TOPIC – ACCREDITATION

Accreditation Written Examination

Attendance limited to dentists and laboratory technicians

1:00 pm – 5:00 pm

AGD Subject Code: 562

Dentist

Lab Tech

Accreditation Required

The Accreditation Written Examination challenges each individual's knowledge in the foundational aspects of cosmetic dentistry. Dentists and laboratory technicians well-versed in all phases of cosmetic dentistry are expected to successfully complete this first step in the Accreditation process. Failure to pass the written examination indicates further education would be beneficial prior to attempting the clinical cases. The following requirement must be met to register for the written examination:

1. Applications must be submitted, with all applicable fees paid, prior to the application deadline and prior to taking the written examination.

Pre-registration for the written examination is required. You may register on-site at AACD Registration; however, applications will NOT be accepted after 10:00 am Thursday morning. Please arrive early, as the written examination begins at 1:00 pm sharp.

AFTERNOON

LECTURE

LOCATION: NATIONAL HARBOR 3 – LEVEL 3

COURSE - L227

TOPIC - COMPOSITES

Contemporary Composites in Clinical Practice**Ronald Jackson, DDS**

2:30 pm – 5:30 pm

AGD Subject Code: 255

CE Units: 3.0L

Dentist

Foundational

Clinical

Educational Objectives:

1. Understand the value of contemporary composites in clinical practice
2. Learn a new practical, efficient posterior composite placement technique
3. Appreciate the conservative, versatile, and esthetic possibilities when creating anterior restorations or cosmetic enhancements

AFTERNOON

HANDS-ON WORKSHOP

LOCATION: NATIONAL HARBOR 11 – LEVEL 3
COURSE - WT229

TOPIC – PHOTOGRAPHY

Digital Photography for the Dental Team

J.A. Reynolds, DDS

2:30 pm – 5:30 pm

AGD Subject Code: 138

CE Units: 3.0P

Team

Foundational

Non-Clinical

Educational Objectives:

1. Understand the importance of digital photography and the equipment needed for success
2. Learn what images to take and how to achieve consistent quality
3. Become comfortable and confident with the digital camera

Participants are encouraged to bring their own SLR camera (lender cameras will be available).

AFTERNOON

LECTURE

LOCATION: NATIONAL HARBOR 13 – LEVEL 3
COURSE - L230

TOPIC – FINANCIAL PLANNING

Annual Tax and Planning Update for Staff

Brian Hufford, CPA

2:30 pm – 5:30 pm

AGD Subject Code: 552

CE Units: 3.0L

Team

Advanced

Non-Clinical

Educational Objectives:

1. Understand how to make a financial plan for your future
2. Understand current trends and planning strategies
3. Understand tax planning potential offered by major tax law changes in 2011 and 2012

AFTERNOON

LECTURE

LOCATION: NATIONAL HARBOR 10 – LEVEL 3
COURSE - L231

TOPIC – SOCIAL MEDIA

Social Media Marketing: An Interactive Course to Get Started or Boost Your Existing Efforts

Rita Zamora

2:30 pm – 5:30 pm

AGD Subject Code: 557

CE Units: 3.0L

All Attendees

Foundational

Non-Clinical

Educational Objectives:

1. Leave with social media starters on your computer
2. Understand the functionality of Facebook pages and Twitter
3. Learn proven social media strategies to help grow your practice

AFTERNOON

LECTURE

LOCATION: NATIONAL HARBOR 4 – LEVEL 3
COURSE - L232

TOPIC – FORCE MANAGEMENT

Force Management Through a Balanced Approach
Supported by Tekscan, Inc.

Mark Montgomery, DMD

2:30 pm – 5:30 pm

AGD Subject Code: 730

CE Units: 3.0L

Dentist

Foundational

Clinical

Educational Objectives:

1. Gain insights into the latest understanding of the applied neurology and neuroplasticity of the dentomandibular sensorimotor system
2. Learn the diagnostic red flags of abnormal forces within the dentomandibular complex and how to relate these red flags to the patient
3. Understand the relationship between abnormal forces, dysfunction, and pain

AFTERNOON

LECTURE

LOCATION: NATIONAL HARBOR 5 – LEVEL 3

COURSE - L233

TOPIC – ORTHODONTICS

Short-Term Orthodontics – A MUST for Every Cosmetic Dentist

Supported by Six Month Smiles

Ryan Swain, DMD

2:30 pm – 5:30 pm

AGD Subject Code: 370

CE Units – 3.0L

All Attendees

Foundational

Clinical

Educational Objectives:

1. Learn the differences between traditional orthodontics, short-term ortho, and aligner therapy
2. Understand concepts around case selection for short-term ortho
3. Understand how brackets and archwires function to obtain desired tooth movement

AFTERNOON

LECTURE

LOCATION: POTOMAC 1 – LEVEL 2

COURSE - L234

TOPIC – PRACTICE MARKETING

Prenow Preview®

A Groundbreaking New Technology That Allows Your Patients to “Test Drive” Their New Smiles

Supported by Jason J Kim Dental Aesthetics and DMG America

Jason Kim, CDT

2:30 pm – 5:30 pm

AGD Subject Code: 770

CE Units – 3.0L

All Attendees

Foundational

Non-Clinical

Educational Objectives:

1. Learn an easier more effective way to sell aesthetic cases for increased office revenue
2. Learn team case sequencing to create efficiency and accuracy concerning complicated, occlusal rehabilitation cases

AFTERNOON

HANDS-ON WORKSHOP

LOCATION: POTOMAC 2 – LEVEL 2

COURSE - W260

TOPIC – COMPOSITES

Mastering Posterior and Anterior Techniques of Direct Composites

Attendance limited to 30

Supported by Kerr Corporation

Joyce Bassett, DDS

2:30 pm – 5:30 pm

AGD Subject Code: 254

CE Units – 3.0P

Dentist

Foundational

Clinical

Educational Objectives:

1. Understand current composite materials, bonding systems, and techniques for predictable outcomes
2. Master the techniques of posterior composite placement
3. Learn to restore and prepare a composite veneer

AFTERNOON

HANDS-ON WORKSHOP

LOCATION: CHESAPEAKE 5 – LEVEL 2

COURSE - W261

TOPIC – COMPOSITES

Class IV Composite Resin Workshop

Attendance limited to 30

Supported by Tokuyama Dental America, Inc.

James Peyton, DDS

2:30 pm – 5:30 pm

AGD Subject Code: 255

CE Credits: 3.0P

Dentist

Foundational

Clinical

Educational Objectives:

1. Learn to use a putty matrix to establish lingual and incisal edge position
2. Learn how to layer composite resin to achieve a natural, life-like restoration
3. Learn to predictably contour and polish a restoration to natural tooth contour

AFTERNOON

HANDS-ON WORKSHOP

LOCATION: NATIONAL HARBOR 7 – LEVEL 3

COURSE - W262

TOPIC – COMPOSITES

Anterior Composite Bonding for Accreditation Level Results

Attendance limited to 50

Supported by Heraeus

John Weston, DDS

2:30 pm – 5:30 pm

AGD Subject Code: 254

CE Units – 3.0P

Dentist

Foundational

Clinical

Educational Objectives:

1. Learn simple methods for restoring anterior teeth chair side with direct materials and how accurate reduction guides can create esthetic success
2. Understand the importance of intra-oral mock-ups as they relate to patient education and case design for beautiful and predictable composite reconstructions
3. Train your "esthetic eye" to see how the subtleties of polish, texture, anatomy, and outline form of natural teeth can be re-created in composite

AFTERNOON

HANDS-ON WORKSHOP

LOCATION: POTOMAC 3 – LEVEL 2

COURSE - W263

TOPIC – ADHESIVES

Predictable Cementation of Esthetic Restorations

Attendance limited to 50

Supported by Ivoclar Vivadent, Inc.

Michael Koczarski, DDS

2:30 pm – 5:30 pm

AGD Subject Code: 785

CE Units: 3.0P

Dentist

Intermediate

Clinical

Educational Objectives:

1. Identify the advantages and limits of today's cements
2. Understand the principles of adhesion and how to select the ideal cement, based on indication, prep design, and material type
3. Learn hands-on, step-by-step procedures for delivering all-ceramic restorations with confidence and success

AFTERNOON

HANDS-ON WORKSHOP

LOCATION: CHESAPEAKE 6 – LEVEL 2

COURSE - W264

TOPIC – ADHESIVES

Adhesive Restorations – Hands-on Practicum

Attendance limited to 50

Supported by Ultradent Products, Inc.

John Kanca, III, DMD

2:30 pm – 5:30 pm

AGD Subject Code: 255

CE Units: 3.0P

Dentist

Foundational

Clinical

Educational Objectives:

1. Learn how to place a proper Class II contact
2. Learn how to create anatomy efficiently
3. Learn how to desensitize preparations

Repeated Thursday, 9:15 am – 12:15 pm · W255

AFTERNOON

HANDS-ON WORKSHOP

LOCATION: NATIONAL HARBOR 6 – LEVEL 3

COURSE - W265

TOPIC – LASERS

The Clinical Application of Diode Lasers and Curing Lights in Principle-Based Patient Care

Attendance limited to 50

Supported by Philips - Sonicare Zoom Whitening

Michael Miyasaki, DDS

2:30 pm – 5:30 pm

AGD Subject Code: 260

CE Units: 3.0P

Dentist

Foundational

Clinical

Educational Objectives:

1. Learn how to perform common laser procedures, laser-tissue interaction, laser efficacy, and principles for use of diode lasers
2. Understand the value of lasers in a dental practice including the ROI, patient attraction, and retention
3. Understand the science of curing lights and their use in successful adhesive techniques

Repeated Thursday, 9:15 am – 12:15 pm · W257

AFTERNOON HANDS-ON WORKSHOP

LOCATION: CHESAPEAKE 4 – LEVEL 2

COURSE – W266

TOPIC – COMPOSITES

Direct Composite Resin Restorations Manufactured to Look Better and Last Longer

Attendance limited to 50

Supported by Ultradent Products, Inc.

Nasser Barghi, DDS

2:30 pm – 5:30 pm

AGD Subject Code: 254

CE Units: 3.0P

Repeated Thursday, 9:15 am – 12:15 pm · W258

Dentist	Foundational	Clinical
---------	--------------	----------

Educational Objectives:

1. Achieve esthetics and function with direct composite resin by practicing minimally invasive dentistry
2. Practice the concept of layering in anterior and posterior direct esthetic restorations
3. Manage esthetic restorations and the art and science of intra-oral repair

AFTERNOON HANDS-ON WORKSHOP

LOCATION: POTOMAC 4 – LEVEL 2

COURSE - W267

TOPIC – COMPOSITES

Classy Class IV Composites

Attendance limited to 50

Supported by Cosmedent, Inc.

Danièle Larose, DMD

2:30 pm – 5:30 pm

AGD Subject Code: 254

CE Units: 3.0P

Dentist	Foundational	Clinical
---------	--------------	----------

Educational Objectives:

1. Learn which composites and instrumentation help to create the most natural looking restorations
2. Learn conservative preparation for long-lasting, beautiful Class IV fillings, using layering techniques with microhybrids, microfills, opaques, and tints
3. Learn how Class IV restorations can be used to enhance the beauty of a smile and offer patients a conservative "smile-lift"

AFTERNOON HANDS-ON WORKSHOP

LOCATION: POTOMAC 6 – LEVEL 2

COURSE - W268

TOPIC – CONTOURING

The Single Central – The Ultimate Esthetic Challenge

Attendance limited to 50

Supported by MicroDental Laboratories

Lee Culp, CDT

Ken Jones, CDT

2:30 pm – 5:30 pm

AGD Subject Code: 780

CE Units: 3.0P

Dentist	Lab Tech	Foundational	Clinical
---------	----------	--------------	----------

Educational Objectives:

1. Learn to analyze both shape and color to replicate a single central
2. Learn the importance of surface texture and luster
3. Learn simple stain and glaze techniques to enhance esthetics

AFTERNOON HANDS-ON WORKSHOP

LOCATION: POTOMAC 5 – LEVEL 2

COURSE - WA269

TOPIC – DIRECT RESTORATIONS

Restorative Options for the Dental Assistant

Attendance limited to 34

Supported by 3M ESPE Dental

Shannon Brinker, CDA, CDD

2:30 pm – 5:30 pm

AGD Subject Code: 551

CE Units: 3.0P

Dental Assistant	Foundational	Clinical
------------------	--------------	----------

Educational Objectives:

1. Understand glass ionomers for Class V proper placement and sandwich technique
2. Understand when and how to use materials
3. Understand the matrix system

AACD Buying Power: Shop and Save 15%!

You already buy dental supplies—why not get them at a discounted price through the AACD? Exclusive to AACD Members, **AACD Buying Power** provides you with a 15% ongoing AACD member discount on supplies, and even greater savings with our private label Health-Tec line. The average one-dentist practice can save \$4,500 or more per year with **AACD Buying Power**!

Take advantage of these great savings—visit www.aacdbuy.net now!

ALL DAY

LECTURE

LOCATION: POTOMAC C – LEVEL 2

COURSE - L310

TOPIC – IMPLANTS

Esthetic Maxillary Anterior Implants

Carl Misch, DDS

9:15 am - 5:30 pm

AGD Subject Code: 690

CE Units: 6.0L

Course breaks for lunch 12:15 pm to 2:30 pm

All Attendees

Intermediate

Clinical

Educational Objectives:

1. Learn the indication and contraindications for a maxillary anterior single tooth implant
2. Understand how to use implants of proper size in the esthetic zone, based upon four factors
3. Understand the ideal implant position, mesio-distal, faceo-palatal, angulations, and depth
4. Learn the significant options for the soft-tissue drape around anterior implants

Dr. Misch is a consultant with BioHorizon, Concise Vision, Great Lakes Orthodontics, Materialise, Salvin Dental, and DTI Laboratories.

MORNING

LECTURE

LOCATION: NATIONAL HARBOR 2 – LEVEL 3

COURSE - L311

TOPIC – MINIMALLY INVASIVE DENTISTRY

Preventistry – Minimal Invasion, Maximum Intervention

Graeme Millicich, BDS

9:15 am – 12:15 pm

AGD Subject Code: 257

CE Units – 3.0L

Dentist

Team

Intermediate

Clinical

Educational Objectives:

1. Learn new and effective caries management concepts, strategies, and products based on pH modulation of the biofilm
2. Understand the biomechanical consequences of cavity designs – cut an occlusal and you can cause interproximal decay
3. Learn why sealants fail and how to place successful long-term sealants using appropriate technologies and materials

Dr. Millicich is a consultant with GC and Triodent and a stock shareholder at Oral Biotech. He receives an honorarium from GCA, Triodent, Biolase, and D4D.

MORNING

LECTURE

LOCATION: NATIONAL HARBOR 3 – LEVEL 3
COURSE – L312

TOPIC – MATERIALS

Effective Use of Modern Materials in a Cosmetic Dentistry Practice

Dan Nathanson, DMD, MSD

9:15 am – 12:15 pm
 AGD Subject Code: 017
 CE Units: 3.0L

All Attendees

Intermediate

Clinical

Educational Objectives:

1. Become familiar with trends and use of new restorative material systems
2. Select the appropriate system and procedure for optimal esthetic results and longevity
3. Understand the specific indications and contraindications for use of new material systems

MORNING

LECTURE

LOCATION: NATIONAL HARBOR 4 – LEVEL 3
COURSE – L313

TOPIC – SLEEP APNEA

Sleeping with the Enemy

B. Kent Smith, DDS

9:15 am – 12:15 pm
 AGD Subject Code: 160
 CE Units: 3.0L

Dentist

Foundational

Clinical

Educational Objectives:

1. Learn the functions of sleep
2. Discover the sequelae of disturbed sleep
3. Realize the dentist's role in providing better sleep

MORNING

HANDS-ON WORKSHOP

LOCATION: POTOMAC D – LEVEL 2
COURSE – W314

TOPIC – ACCREDITATION

Photography Hands-On Workshops for Accreditation Documentation

Attendance limited to 48

Brett Magnuson, DMD

9:15 am -12:15 pm
 AGD Subject Code: 138
 CE Units: 3.0P

This course is recommended for members in the Accreditation process.

Recommended lecture · L215 · Thursday, 9:15 am – 12:15 pm

Repeated Friday, 2:30 pm – 5:30 pm · W332

Dentist

Lab Tech

Foundational

Clinical

Accreditation Recommended

Participants are to bring their own SLR camera (loaner cameras will be available), (1) GB memory card, camera and flash, (1) can compressed air, (1) USB jump drive, photographic mirror, clear plastic lip retractors, gloves, and a small flashlight.

Educational Objectives:

1. Learn photography basics and equipment options
2. Learn how to perfect images for the AACD Accreditation photography series
3. Manage RAW images, conversion to JPEG, and create an AACD PowerPoint® presentation for mentor communication

MORNING

LECTURE

LOCATION: NATIONAL HARBOR 11 – LEVEL 3
COURSE – L315

TOPIC – ACCREDITATION (CASE TYPE II)

Matching One or Two Indirect Restorations to Natural Dentition – A Focus of Accreditation Case Type II

Michael R. Sesemann, DDS

9:15 am – 12:15 pm
 AGD Subject Code: 250
 CE Units – 3.0L

Dentist

Lab Tech

Foundational

Clinical

Accreditation Recommended

Educational Objectives:

1. Learn restorative team clinical techniques and tips that promote success with this type of restorative challenge
2. Identify and understand Accreditation Case Type II criteria
3. Learn factors involved with producing Accreditation level results including case selection, choice of materials, photography, and dentist/laboratory technician communication whether for Accreditation or not

Disclaimer: The American Board of Cosmetic Dentistry does not endorse any particular clinical technique or style, nor does it endorse particular products or materials. It is acknowledged that Accreditation success is not dependent on the technique or the materials used, but on the excellence of the final result.

FRIDAY • MAY 4

MORNING

LECTURE

LOCATION: NATIONAL HARBOR 10 – LEVEL 3
COURSE - L316

TOPIC – HYGIENE

Lasers and Oral Fitness - Hygienists Waving Your Magic Wand

Stephanie Lodding, RDH

9:15 am – 12:15 pm

AGD Subject Code: 135

CE Units: 3.0L

Hygienist

Foundational

Clinical

Educational Objectives:

1. Understanding the benefits of laser therapy in health and wellness
2. Know how to integrate lasers with guaranteed ROI
3. Acquire communication tools to engage your own patients into health and wellness

Ms. Lodding receives an honorarium from Oral DNA Labs.

MORNING

LECTURE

LOCATION: NATIONAL HARBOR 13 – LEVEL 3
COURSE - L317

TOPIC – FINANCIAL VERBAL SKILLS

Better Verbal Skills: Blab, Blab, Blab Just Doesn't Cut it Anymore

Tim Twigg

9:15 am – 12:15 pm

AGD Subject Code: 550

CE Units: 3.0L

All Attendees

Foundational

Non-Clinical

Educational Objectives:

1. Build trusting relationships and rapport to engage on an emotional level with your patients
2. Present patient wants, diagnostic findings and proposed treatment, through linking
3. Communicate affordability, quality, and value to reinforce what your patients really want

MORNING

LECTURE

LOCATION: NATIONAL HARBOR 5 – LEVEL 3
COURSE - L318

TOPIC – PRACTICE MARKETING

Drive Double Digit Business Growth

Power House Marketing Gurus Share Fortune 500 Insights

Karen Galley

Ernan Roman

Jaynie Smith

9:15 am – 12:15 pm

AGD Subject Code: 550

CE Units: 3.0L

All Attendees

Advanced

Non-Clinical

Educational Objectives:

1. Learn the concepts of voice of customer (VOC) relationship research, competitive advantage, relevant selling, and integrated direct marketing
2. Learn how to apply these concepts to your practice to develop a more effective business and marketing strategy
3. Understand what works and why, by reviewing actual marketing campaigns

MORNING

LECTURE

LOCATION: CHESAPEAKE 4 – LEVEL 2
COURSE - L319

TOPIC – WHITENING

Understanding Modern Advances in Professional Teeth Whitening

Supported by Philips - Sonicare Zoom Whitening

Marilyn Ward, DDS

9:15 am – 12:15 pm

AGD Subject Code: 781

CE Units: 3.0L

All Attendees

Intermediate

Clinical

Educational Objectives:

1. Understand and treat tooth sensitivity during whitening
2. Understand shade assessment and tooth whitening diagnosis
3. Gain knowledge of scientific research advances on chemical vs. light activated peroxide

MORNING

LECTURE

LOCATION: CHESAPEAKE 5 – LEVEL 2

COURSE - L320

TOPIC – CASE ACCEPTANCE

**Evidence Based Practice Solutions:
Improving Case Acceptance**

Attendance limited to 50

Supported by MicroDental

**Mark Murphy, DDS, BS**

9:15 am – 12:15 pm

AGD Subject Code: 550

CE Units: 3.0L

All Attendees

Foundational

Non-Clinical

Educational Objectives:

1. Create a co-discovery model for the new patient experience
2. Articulate the role of insurance to patients
3. Communicate the value proposition and benefits of comprehensive care

MORNING

LECTURE

LOCATION: POTOMAC 1 – LEVEL 2

COURSE - A300

TOPIC – ACCREDITATION

Laboratory Technician Accreditation Workshop**Nelson Rego, CDT**

9:15 am – 12:15 pm

AGD Subject Code: 780

CE Units: 3.0L

Lab Tech

Foundational

Clinical

Accreditation Recommended

Educational Objectives:

1. Become familiar with the AACD Accreditation protocol as it relates to laboratory technicians
2. See examples of successful and unsuccessful Accreditation cases
3. Understand why achieving a credential as a laboratory technician in cosmetic dentistry is desirable and why there is such a demand for it

MORNING

LECTURE

LOCATION: NATIONAL HARBOR 12 – LEVEL 3

COURSE - A301

TOPIC – ACCREDITATION

Examiner Calibration

Attendance limited to Accreditation Examiners

**Nils Olson, DDS**

9:15 am – 12:15 pm

AGD Subject Code: 780

CE Units: 3.0L

Dentist

Lab Tech

Clinical

Accreditation Examiners Required

Educational Objectives:

1. Understand Accreditation standards to review and analyze submitted cases
2. Review the evolution of the Accreditation criteria and how to objectively utilize it in the examination process

MORNING

HANDS-ON WORKSHOP

LOCATION: NATIONAL HARBOR 6 – LEVEL 3

COURSE - W350

TOPIC – OVERDENTURE IMPLANTS

**Complete Overdenture Implant Therapy: Treatment
Planning and Clinical Techniques – Removable**

Attendance limited to 50

Supported by Heraeus

**Aldo Leopardi, DDS, BDS, MS**

9:15 am – 12:15 pm

AGD Subject Code: 671

CE Units – 3.0P

Dentist

Foundational

Clinical

Educational Objectives:

1. Understand treatment planning for the overdenture patient
2. Understand biomechanical principles in prosthetic design: stress broken vs. rigid design concepts
3. Learn impression techniques, use of appropriate implant prosthetic components, denture tooth selection, and overdenture occlusion

FRIDAY • MAY 4

MORNING HANDS-ON WORKSHOP

LOCATION: CHESAPEAKE 6 – LEVEL 2

COURSE - WL351

TOPIC – TEMPORIZATION

Artistic Smile Design: Facial Changes Through Temporization

Attendance limited to 30

Supported by DMG America

Elliot Mechanic, DDS, BSc

9:15 am – 12:15 pm

AGD Subject Code: 780

CE Units – 3.0P

Repeated Friday, 2:30 pm, - 5:30 pm · WL360

Dentist	Dental Assistant	Foundational	Clinical
---------	------------------	--------------	----------

Educational Objectives:

1. Understand the principles of artistic smile design and the role of provisional restoration as a prototype
2. Learn smile design alteration through artistic temporization and the modifications necessary to achieve desired facial changes
3. Understand impression taking, bite registration, and bite adjustment

MORNING HANDS-ON WORKSHOP

LOCATION: NATIONAL HARBOR 7 – LEVEL 3

COURSE - W352

TOPIC – MINIMALLY INVASIVE DENTISTRY

Composite Mirroring: Re-Creating A Natural Tooth

Attendance limited to 50

Supported by Heraeus

Brian LeSage, DDS

9:15 am – 12:15 pm

AGD Subject Code: 254

CE Units: 3.0P

Dentist	Foundational	Clinical
---------	--------------	----------

Educational Objectives:

1. Create an entire tooth form using dentin and enamel shades of dental composite restorative materials
2. Create a seamless restoration using eight steps and unique layering techniques
3. Mimic nature in both color and form; creating beautiful and undetectable restorations

MORNING HANDS-ON WORKSHOP

LOCATION: POTOMAC 3 – LEVEL 2

COURSE - W353

TOPIC - COMPOSITES

Composite Artistry Workshop

Attendance limited to 50

Supported by Ivoclar Vivadent, Inc.

Ronald Jackson, DDS

9:15 am – 12:15 pm

AGD Subject Code: 780

CE Units: 3.0P

Repeated Friday, 2:30 pm – 5:30 pm · W361

Dentist	Foundational	Clinical
---------	--------------	----------

Educational Objectives:

1. Be able to achieve life-like restorations and cosmetic enhancements with composite resin
2. Gain a practical understanding of opacity and translucency
3. Accomplish finishing and polishing quickly and predictably

MORNING HANDS-ON WORKSHOP

LOCATION: POTOMAC 5 – LEVEL 2

COURSE - W354

TOPIC – COMPOSITES

Accreditation Quality Direct Composite Restorations

Attendance limited to 34

Supported by 3M ESPE Dental

John Weston, DDS

9:15 am – 12:15 pm

AGD Subject Code: 250

CE Units: 3.0P

Repeated Friday, 2:30 pm – 5:30 pm · W362

Dentist	Lab Tech	Foundational	Clinical
---------	----------	--------------	----------

Educational Objectives:

1. Understand how new nano-composite materials help improve anterior restorative success
2. See how to easily layer anterior composites and incorporate proper smile design into every case
3. Learn the secrets to contouring, finishing and polishing for brilliant natural results

MORNING HANDS-ON WORKSHOP

LOCATION: POTOMAC 2 – LEVEL 2

COURSE - WL355

TOPIC – GLASS IONOMERS

Predictable Posterior Restorations

Attendance limited to 45

Supported by GC America, Inc.

**Christopher Ramsey, DMD**
Robert Ritter, DMD

9:15 am – 12:15 pm

AGD Subject Code: 255

CE Units: 3.0P

Dentist

Dental Assistant

Intermediate

Clinical

Educational Objectives:

1. Understand the role of glass ionomers and composites
2. Understand the benefits of seventh generation adhesives
3. Understand sectional matrix systems for predictable contacts and embrasures

MORNING HANDS-ON WORKSHOP

LOCATION: POTOMAC 4 – LEVEL 2

COURSE – W356

TOPIC – DIASTEMA CLOSURE

Diastema Closure – Closing the Gap by Recreating Nature

Attendance limited to 50

Supported by Cosmedent, Inc.

**Fred Peck, DDS**

9:15 am – 12:15 pm

AGD Subject Code: 254

CE Units: 3.0P

Dentist

Foundational

Clinical

Educational Objectives:

1. Know how to determine when multiple teeth need diastema closure
2. Know how to block out shadowing from the inside mouth
3. Learn how to reproduce natural developmental lobes while matching the existing natural tooth

MORNING HANDS-ON WORKSHOP

LOCATION: POTOMAC 6 – LEVEL 2

COURSE - W357

TOPIC – ADHESIVES

Adhesive and Restorative Dentistry for Today's Economic Environment

Attendance limited to 30

Supported by Shofu Dental Corporation

**Scott Parker, DDS**

9:15 am – 12:15 pm

AGD Subject Code: 250

CE Units: 3.0P

Dentist

Foundational

Clinical

Educational Objectives:

1. Have a thorough understanding of adhesion and how to utilize today's materials
2. Learn to select materials for better caries resistance and how to avoid failure
3. Learn how to make composite restorations that virtually disappear in the mouth

AFTERNOON LECTURE

LOCATION: NATIONAL HARBOR 2 – LEVEL 3

COURSE - L326

TOPIC – MINIMALLY INVASIVE DENTISTRY

Minimal Intervention Restorative Treatment Options**Graeme Milicich, BDS**

2:30 pm – 5:30 pm

AGD Subject Code: 250

CE Units – 3.0L

Dentist

Dental Assistant

Intermediate

Clinical

Educational Objectives:

1. Learn effective treatment of deep caries to avoid an exposure and the restoration of the cavity utilizing silver diamine fluoride and the closed sandwich technique
2. Learn some effective laser applications to take the stress out of your day
3. Learn why adhesive ceramics, CAD/CAM or pressed, should be a major part of your treatment options

Dr. Milicich is a consultant with GC and Triodent and a stock shareholder at Oral Biotech. He receives an honorarium from GCA, Triodent, Biolase, and D4D.

FRIDAY • MAY 4

AFTERNOON LECTURE

LOCATION: NATIONAL HARBOR 5 – LEVEL 3
COURSE - L327

TOPIC – SMILE DESIGN

Smile Design for the Dental Team

Edward Lowe, DMD

2:30 pm – 5:30 pm
AGD Subject Code: 780
CE Units: 3.0L

All Attendees	Foundational	Clinical
---------------	--------------	----------

Educational Objectives:

1. Develop a foundational knowledge of facial types, lip architecture, gingival elements, tooth arrangement, and tooth characteristics
2. Discover what questions to ask about a patient's smile and develop a set of verbal skills to communicate with a patient what qualities make up an attractive smile
3. Learn how to systematically look at any smile and immediately assess its features for potential improvement or treatment possibilities

AFTERNOON LECTURE

LOCATION: NATIONAL HARBOR 11 – LEVEL 3
COURSE - L328

TOPIC – ACCREDITATION – CASE TYPE III

Replacing a Missing Tooth in the Esthetic Zone – A Focus on AACD Accreditation Case Type III

Betsy Bakeman, DDS

2:30 pm – 5:30 pm
AGD Subject Code: 780
CE Units – 3.0L

Dentist	Lab Tech	Intermediate	Clinical
---------	----------	--------------	----------

Accreditation Recommended

Educational Objectives:

1. Understand the importance of properly evaluating and managing tissue architecture when replacing a missing tooth in the esthetic zone
2. Learn why achieving ideal results is closely dependent on proper case selection
3. Understand the critical evaluation criteria to master for successful execution of Case Type III

Disclaimer: The American Board of Cosmetic Dentistry does not endorse any particular clinical technique or style, nor does it endorse particular products or materials. It is acknowledged that Accreditation success is not dependent on the technique or the materials used, but on the excellence of the final result.

AFTERNOON LECTURE

LOCATION: NATIONAL HARBOR 3 – LEVEL 3
COURSE - L331

TOPIC – CERAMIC SELECTION

Ceramic Selection in the Oral Environment

Nelson Rego, CDT
Robert Ritter, DMD

2:30 pm – 3:15 pm
AGD Subject Code: 612
CE Units: 1.0L

Dentist	Lab Tech	Advanced	Clinical
---------	----------	----------	----------

Educational Objectives:

1. Understand the effect of prep shade on ingot selection
2. Know when to use zirconia and when to use lithium disilicate, or when to use both
3. Learn about cement selection for ease of use and consistent results

AFTERNOON LECTURE

LOCATION: NATIONAL HARBOR 3 – LEVEL 3
COURSE - L330

TOPIC - RESTORATIONS

Predictable Techniques for a Complete Ceramic Rehabilitation

Michael Bellerino, CDT
Mike Malone, DDS

3:30 pm – 4:15 pm
AGD Subject Code: 610
CE Units: 1.0L

Dentist	Lab Tech	Advanced	Clinical
---------	----------	----------	----------

Educational Objectives:

1. Understand how to manage complex rehabilitations
2. Learn how to manage occlusion for complex esthetic treatment
3. Learn how to manage high-strength ceramics for maximum predictability

Dr. Malone receives an honorarium from Dentsply and Ivoclar Vivadent.

AFTERNOON

LECTURE

LOCATION: NATIONAL HARBOR 3 – LEVEL 3
COURSE - L329

TOPIC – PORCELAIN RESTORATIONS

Strategic Design of Anterior Porcelain Restorations in High Risk Occlusal Situations

James Fondriest, DDS
Matthew Roberts, CDT

4:30 pm – 5:15 pm
 AGD Subject Code: 784
 CE Units: 1.0L

Dentist

Lab Tech

Advanced

Clinical

Educational Objectives:

1. Learn veneering porcelain design strategies
2. Learn planned design of coping and veneering porcelain
3. Learn to identify and decrease forces on your restorations

AFTERNOON

HANDS-ON WORKSHOP

LOCATION: POTOMAC D – LEVEL 2
COURSE - W332

TOPIC – ACCREDITATION

Photography Hands-On Workshop for Accreditation Documentation

Attendance limited to 48

Brett Magnuson, DMD

2:30 pm – 5:30 pm
 AGD Subject Code: 138
 CE Units: 3.0P

This course is recommended for members in the Accreditation process -
 Recommended lecture - L215 - Thursday, 9:15 am – 12:15 pm
 Repeated Friday, 9:15 am – 12:15 pm - W314

Dentist

Lab Tech

Foundational

Non-Clinical

Accreditation Recommended

Participants are to bring their own SLR camera (loaner cameras will be available), (1) GB memory card, camera and flash, (1) can compressed air, (1) USB jump drive, photographic mirror, clear plastic lip retractors, gloves, and a small flashlight.

Educational Objectives:

1. Learn photography basics and equipment options
2. Learn how to perfect images for the AACD Accreditation photography series
3. Manage RAW images, conversion to JPEG, and create an AACD PowerPoint® presentation for mentor communication

AFTERNOON

LECTURE

LOCATION: NATIONAL HARBOR 4 – LEVEL 3
COURSE - L333

TOPIC – PATIENT PSYCHOLOGY

The Psychology of Dentistry

John Leite, PhD

2:30 pm – 5:30 pm
 AGD Subject Code: 130
 CE Units: 3.0L

All Attendees

Foundational

Non-Clinical

Educational Objectives:

1. Understand how to address the needs of at-risk dental patients
2. Understand the psychological nature of domestic violence and gain an awareness of the signs, symptoms, injuries, and risk factors indicative of domestic violence
3. Understand and successfully work with the potential long-term emotional and behavioral effects of surviving domestic violence exhibited by patients enrolled in the Give Back A Smile program

AFTERNOON

LECTURE

LOCATION: NATIONAL HARBOR 10 – LEVEL 3
COURSE - L334

TOPIC – TEAM LEADERSHIP

Just Because You Are Right...Doesn't Mean They Will Agree. Leadership and Influencing Skills for the Business Team.

Paul Homoly, DDS

2:30 pm – 5:30 pm
 AGD Subject Code: 550
 CE Units: 3.0L

All Attendees

Foundational

Non-Clinical

Educational Objectives:

1. Discover the four critical conversations for case acceptance
2. Learn how to manage patients not yet ready for care

Dr. Homoly is a consultant for CareCredit, Pacific Dental, Homoly Communications, Sirona Dental Systems, and Patterson Dental.

FRIDAY • MAY 4

AFTERNOON

LECTURE

LOCATION: NATIONAL HARBOR 13 – LEVEL 3
COURSE - L335

TOPIC – FINANCIAL PLANNING
Annual Tax and Planning Update

Brian Hufford, CPA

2:30 pm – 5:30 pm
AGD Subject Code: 552
CE Units: 3.0L

Dentist

Advanced

Non-Clinical

Educational Objectives:

1. Understand tax law changes made in 2011 and 2012
2. Plan capital expenditures for equipment and office improvements to take advantage of changing tax laws
3. Understand tax planning potential offered by major tax law changes in 2011 and 2012

AFTERNOON

LECTURE

LOCATION: NATIONAL HARBOR 12 – LEVEL 3
COURSE - L336

TOPIC – COMPREHENSIVE AESTHETICS
Learning the Principles Necessary to Achieve Aesthetic Smiles
Supported by Jensen Industries

Jay Lerner, DDS

2:30 pm – 5:30 pm
AGD Subject Code: 780
CE Units: 3.0L

All Attendees

Foundational

Non-Clinical

Educational Objectives:

1. Learn how to evaluate smiles from an aesthetic and functional perspective
2. Learn how to use your provisionals as the blueprint to success
3. Learn how to set up your case from a comprehensive standpoint and achieve aesthetic and functional harmony

AFTERNOON

LECTURE

LOCATION: CHESAPEAKE 4 – LEVEL 2
COURSE - L337

TOPIC – PRACTICE MARKETING
Increasing Net Profit During This New Economy
Supported by Blatchford Solutions

William Blatchford, DDS

2:30 pm – 5:30 pm
AGD Subject Code: 552
CE Units: 3.0L

All Attendees

Foundational

Non-Clinical

Educational Objectives:

1. Learn how to increase net by including merging a practice merger and a solid marketing plan
2. Understand how solid sales skills are a must to maximize your marketing efforts
3. Learn how an office budget is not a diet but a MUST for gaining net return harmony

AFTERNOON

LECTURE

LOCATION: CHESAPEAKE 5 – LEVEL 2
COURSE – L338

TOPIC – FACIAL RESURFACING
Laser Technologies for Cosmetic Facial Resurfacing and Intra-Oral Procedures
Supported by GPT Dental

Warren Roberts, DMD

2:30 pm – 5:30 pm
AGD Subject Code: 130
CE Units: 3.0L

Dentist

Lab Tech

Intermediate

Clinical

Educational Objectives:

1. Understand how lasers can enhance overall soft-tissue management and both extra-oral and intra-oral aesthetic outcomes
2. Understand clinical indications and patient selection for laser facial resurfacing
3. Understand how facial laser resurfacing integrates with smile design, Botox, and fillers to maximize facial rejuvenation

AFTERNOON

LECTURE

LOCATION: POTOMAC 1 – LEVEL 2**COURSE - A302****TOPIC – ACCREDITATION****Fellowship Workshop for Accredited Members**

Attendance limited to Accredited Members

**Brian LeSage, DDS**

2:30 pm – 4:30 pm

AGD Subject Code: 130

CE Units: 2.0L

Dentist

Lab Tech

Advanced

Clinical

Accreditation Recommended

Educational Objectives:

1. Understand Fellowship protocol
2. Examine successful and unsuccessful Fellowship cases

AFTERNOON

LECTURE

LOCATION: POTOMAC 1 – LEVEL 2**COURSE - A303****TOPIC – ACCREDITATION****Fellowship Calibration for Fellowship Examiners**

Attendance limited to Fellowship Examiners

**Brian LeSage, DDS**

4:30 pm – 5:30 pm

AGD Subject Code: 130

CE Units: 1.0L

Dentist

Lab Tech

Advanced

Clinical

Fellowship Examiners Required

Fellowship Examiners must attend this calibration in order to maintain examiner status.

Educational Objectives:

1. Inform, analyze and calibrate Fellowship Examiners to current standards
2. Evaluate and test Fellowship Examiners
3. Review the evolution of the Accreditation criteria and learn to objectively utilize this criteria in the examination process

AFTERNOON

HANDS-ON WORKSHOP

LOCATION: CHESAPEAKE 6 – LEVEL 2**COURSE - WL360****TOPIC – TEMPORIZATION****Artistic Smile Design: Facial Changes Through Temporization**

Attendance limited to 30

Supported by DMG America

**Elliot Mechanic, DDS, BSc**

2:30 pm – 5:30 pm

AGD Subject Code: 780

CE Units – 3.0P

Repeated Friday, 9:15 am – 12:15 pm · WL351

Dentist

Dental Assistant

Foundational

Clinical

Educational Objectives:

1. Understand the principles of artistic smile design and the role of provisional restoration as a prototype
2. Learn smile design alteration through artistic temporization and the modifications necessary to achieve desired facial changes
3. Understand impression taking, bite registration, and bite adjustment

AFTERNOON

HANDS-ON WORKSHOP

LOCATION: POTOMAC 3 – LEVEL 2**COURSE - W361****TOPIC - COMPOSITES****Composite Artistry Workshop**

Attendance limited to 50

Supported by Ivoclar Vivadent, Inc.

**Ronald Jackson, DDS**

2:30 pm – 5:30 pm

AGD Subject Code: 255

CE Units: 3.0P

Repeated Friday, 9:15 am – 12:15 pm · W353

Dentist

Foundational

Clinical

Educational Objectives:

1. Be able to achieve life-like restorations and cosmetic enhancements with composite resin
2. Gain a practical understanding of opacity and translucency
3. Accomplish finishing and polishing quickly and predictably

FRIDAY • MAY 4

AFTERNOON

HANDS-ON WORKSHOP

LOCATION: POTOMAC 5 – LEVEL 2

COURSE - W362

TOPIC – COMPOSITES

Accreditation Quality Direct Composite Restorations

Attendance limited to 34

Supported by 3M ESPE Dental

John Weston, DDS

2:30 pm – 5:30 pm

AGD Subject Code: 254

CE Units: 3.0P

Repeated Friday, 9:15 am – 12:15 pm · W354

Dentist

Lab Tech

Foundational

Clinical

Educational Objectives:

1. Understand how new nano-composite materials help improve anterior restorative success
2. See how to easily layer anterior composites and incorporate proper smile design into every case
3. Learn the secrets to contouring, finishing and polishing for brilliant natural results

AFTERNOON

HANDS-ON WORKSHOP

LOCATION: NATIONAL HARBOR 7 – LEVEL 3

COURSE - WA363

TOPIC – PROVISIONALS

The Art of Exquisite Anterior, Posterior, Single, and Multiple Unit Provisionals

Attendance limited to 50

Supported by Heraeus

Shannon Brinker, CDA, CDD

2:30 pm – 5:30 pm

AGD Subject Code: 780

CE Units: 3.0P

Dental Assistants

Foundational

Clinical

Educational Objectives:

1. Learn how to choose the right provisional materials for shade matching
2. Learn pre-op impression techniques for easy trimming
3. Learn how to replicate missing dentition and restore to proper contour and shape with provisionals

AFTERNOON

HANDS-ON WORKSHOP

LOCATION: NATIONAL HARBOR 6 – LEVEL 3

COURSE - W364

TOPIC – OVERDENTURE IMPLANTS

Complete Overdenture Implant Therapy: Treatment Planning and Clinical Techniques – Advanced Fixed

Attendance limited to 50

Supported by Heraeus

Aldo Leopardi, DDS, BDS, MS

2:30 pm – 5:30 pm

AGD Subject Code: 690

CE Units – 3.0P

Dentist

Intermediate

Clinical

Educational Objectives:

1. Understand treatment planning for the overdenture patient
2. Understand biomechanical principles in prosthetic design: stress broken vs. rigid design concepts
3. Learn impression techniques, use of appropriate implant prosthetic components, denture tooth selection, and overdenture occlusion

AFTERNOON

HANDS-ON WORKSHOP

LOCATION: POTOMAC 4 – LEVEL 2

COURSE - W365

TOPIC – VENEERS

Thin Is In – The No Fear Veneer to Create Predictable, Simple, Artistic, Exquisite, and Naturally Beautiful Smiles

Attendance limited to 50

Supported by Cosmedent, Inc.

Lorin Berland, DDS

2:30 pm – 5:30 pm

AGD Subject Code: 783

CE Units: 3.0P

Dentist

Foundational

Clinical

Educational Objectives:

1. Learn veneer indications, tooth preparation rationale, and how to analyze and determine what the patient wants/expects for the final result
2. Learn how to take accurate impressions and how best to temporize veneer and/or crown preparations followed by proper lab communication
3. Learn a simple try-in method to verify fit and color, followed by cementation techniques and how to select which materials to use to ensure marginal integrity, and finally, finishing the process so patients will be thrilled with the end result

LIFE, LIBERTY, AND THE PURSUIT OF

LEARNING

You'll learn tips
and techniques
you can use as soon as you
get back to the office.

And don't forget your staff—
we've planned a variety of
practical educational
opportunities
for them, too!

PHILADELPHIA
JUNE 21 TO 24, 2012

Join us in Philadelphia this June to enjoy the freedom of earning an entire year's worth of continuing education in one great location! This year's educational program includes:

- "Key Implant Position and Implant Number: A Biomechanical Rationale to Treatment Planning," Carl E. Misch, BS, DDS, MDS, PhD (hc)
- "BOTOX® and Dermal Fillers for Every Dental Practice: A Two-Day Course," Louis J. Malcacher, DDS, MAGD
- "What's Hot and What's Getting Hotter," Howard S. Glazer, DDS, FAGD
- "The Occlusal Secrets You Should Have Learned in Kindergarten: Or, How to Take Your Practice to the Next Level," Irwin Becker, DDS

SATURDAY

SPECIAL MEETING OFFER!

NEW

Editor-in-Chief: Richard J. Simonsen, DDS, MS

The American Journal of Esthetic Dentistry launched last year in the wake of an ever-growing demand by increasingly informed patients for high-quality esthetic dental treatment. Like its sister publication, *The European Journal of Esthetic Dentistry*, it presents clinical articles, beautifully designed and exquisitely produced, that will both educate and inspire readers. A distinguished editorial board has been entrusted with overseeing the quality of the articles and the validity of the techniques presented.

MORNING

LECTURE

LOCATION: POTOMAC C – LEVEL 2

COURSE - L410

TOPIC – NEW TECHNOLOGIES AND TRENDS

Controversies in New Technologies and Trends in Dentistry

Paul Child, DMD, CDT
Gordon Christensen, DDS, MSD, PhD

8:30 am – 11:30 am
AGD Subject Code: 780
CE Units: 3.0L

All Attendees

Intermediate

Clinical

Educational Objectives:

1. Understand the differences between laboratory and chairside fabricated ceramic restorations and the indication for each
2. Describe current popular technologies in the profession and how to implement them into practice
3. Discuss the various aspects of implant placement and what technologies are mandatory vs. elective
4. Compare tried and trusted products and techniques to those claiming to be new and improved

ALL DAY

LECTURE

LOCATION: NATIONAL HARBOR 2 – LEVEL 3

COURSE - L411

TOPIC – EDENTULOUS PATIENTS

Reaching New Heights in Esthetics for Edentulous Patients

George Priest, DMD

8:30 am – 4:30 pm
AGD Subject Code: 670
CE Units: 6.0L

Course breaks for lunch 11:30 am to 1:30 pm

Dentist

Lab Tech

Intermediate

Clinical

Educational Objectives:

1. Understand selection criteria for complete dentures, removable, and fixed implant prostheses for edentulous patients
2. Prescribe optimal implant numbers and locations for different types of prostheses
3. How to use contemporary resins and ceramics for teeth, characterization of artificial gingiva, and incorporate computer guided surgery with virtual prosthesis design and CAD/CAM frameworks

Dr. Priest is a consultant for Biomet 3i and receives an honorarium from Ivoclar Vivadent.

MORNING

LECTURE

LOCATION: NATIONAL HARBOR 3 – LEVEL 3

COURSE - L412

TOPIC – BOTOX®

BOTOX® 101 – Introduction to BOTOX in Dentistry: What's the Buzz?

Warren Roberts, DMD

8:30 am – 11:30 am
AGD Subject Code: 780
CE Units: 3.0L

Dentist

Foundational

Clinical

Educational Objectives:

1. Understand what BOTOX is and how it works
2. Understand the facial expression muscles
3. Understand how treating the facial expression muscles can impact smile design

MORNING

LECTURE

LOCATION: NATIONAL HARBOR 12 – LEVEL 3

COURSE - L413

TOPIC – ACCREDITATION

Accreditation Case Type IV Lecture

James Peyton, DDS

8:30 am – 11:30 am
AGD Subject Code: 254
CE Units – 3.0L

Dentist

Intermediate

Clinical

Accreditation Recommended

Educational Objectives:

1. Learn a step-by-step technique to layer a composite restoration
2. Acquire tips for practicing techniques on stone models and typodonts that allow the participant to practice the techniques prior to the clinical appointment
3. Explain a predictable technique to contour and polish a composite restoration that disappears into the natural tooth

Disclaimer: The American Board of Cosmetic Dentistry does not endorse any particular clinical technique or style, nor does it endorse particular products or materials. It is acknowledged that Accreditation success is not dependent on the technique or the materials used, but on the excellence of the final result.

MORNING

LECTURE

LOCATION: NATIONAL HARBOR 11 – LEVEL 3
COURSE - L414

TOPIC – ACCREDITATION (CASE TYPE I)

Accreditation Essential Case Type I: All-Ceramic Restorations in the Esthetic Zone

Brian LeSage, DDS

8:30 am – 11:30 am

AGD Subject Code: 783

CE Units: 3.0L

Dentist

Lab Tech

Foundational

Clinical

Accreditation Recommended

Educational Objectives:

1. Learn Case Type I case selection principles
2. Explore preparation design, prototypes, soft tissue health, impressions, and delivery of six or more all-ceramic restorations
3. Understand how your laboratory may play a bigger factor in your Accreditation journey

Disclaimer: The American Board of Cosmetic Dentistry does not endorse any particular clinical technique or style, nor does it endorse particular products or materials. It is acknowledged that Accreditation success is not dependent on the technique or the materials used, but on the excellence of the final result.

MORNING

LECTURE

LOCATION: NATIONAL HARBOR 4 – LEVEL 3
COURSE - L415

TOPIC – PHOTOGRAPHY

Portrait Photography for Dentists and Laboratory Technicians

Rhys Spoor, DDS

8:30 am – 11:30 am

AGD Subject Code: 138

CE Units: 3.0L

Dentist

Lab Tech

Advanced

Clinical

Educational Objectives:

1. Learn why and how to take portraits for aesthetic dentistry
2. Understand how to implement and use a simple studio in your office
3. Explore different equipment options to best suit your needs

MORNING

LECTURE

LOCATION: NATIONAL HARBOR 13 – LEVEL 3
COURSE - L416

TOPIC – PRACTICE DEVELOPMENT

Distinguished Practice Networking

Mickey Bernstein, DDS

8:30 am – 11:30 am

AGD Subject Code: 550

CE Units: 3.0L

All Attendees

Foundational

Non-Clinical

Educational Objectives:

1. Incorporate more cosmetic dentistry into private practice
2. Understand a variety of proven business systems utilized in high-end practices
3. Experience verbal and relationship skills utilized by AACD successful practices

Dr. Bernstein is a consultant with Bernstein Dental Consulting.

MORNING

HANDS-ON WORKSHOP

LOCATION: NATIONAL HARBOR 5 – LEVEL 3
COURSE - L417

TOPIC – WHITENING

There's No Such Thing as Too White - Live Patient Demonstration

Shannon Brinker, CDA, CDD

8:30 am – 11:30 am

AGD Subject Code: 781

CE Units – 3.0L

Dental Assistant

Intermediate

Clinical

Educational objectives:

1. Learn how to take impressions for home whitening trays
2. Learn how to pour and trim a model
3. Learn to fabricate whitening trays

MORNING

LECTURE

LOCATION: NATIONAL HARBOR 10 – LEVEL 3
COURSE - L418

TOPIC – HYGIENE

Benchmarks, Barriers, and Breakthroughs: Behind the Scenes Strategies for a Successful Hygiene Department

Rachel Wall, RDH

8:30 am – 11:30 am

AGD Subject Code: 557

CE Units: 3.0L

Hygienist

Intermediate

Clinical

Educational Objectives:

1. Obtain benchmarks of a successful hygiene department
2. Understand common hygiene success barriers and how to overcome them
3. Acquire "take home" tips to implement immediately for increased hygiene profitability

Ms. Wall receives an honorarium from Philips-Sonicare and Zoom Whitening and other financial or material support from Oxyfresh.

MORNING

LECTURE

LOCATION: POTOMAC 1 – LEVEL 2
COURSE - L419

TOPIC – SHADE TAKING

Innovations in Shade Taking: Chairside Shade Guide Version III

Supported by GC America, Inc.

Luke Kahng, CDT

8:30 am – 11:30 am

AGD Subject Code: 782

CE Units: 3.0L

Dentist

Lab Tech

Foundational

Clinical

Educational Objectives:

1. Understand the difference between the Chairside Shade Guide and a traditional shade guide and learn how to effectively use the Chairside Shade Guide
2. Understand why to use the ceramic shade tab vs. composite shade tab
3. Learn the cosmetic teeth tab categories for youth, middle age, and elderly patients

MORNING

LECTURE

LOCATION: POTOMAC 6 – LEVEL 2
COURSE - L420

TOPIC – VENEERS

Innovation in Anterior Composites Utilizing a New Pre-Fabricated Veneer System

Supported by Coltene Whaledent

Christian Hahn, DDS

8:30 am – 11:30 am

AGD Subject Code: 783

CE Units: 3.0L

Recommended lecture for workshop W461
 Saturday, 1:30 pm to 4:30 pm

Dentist

Lab Tech

Intermediate

Clinical

Educational Objectives:

1. Understand a new category of pre-fabricated composite based veneers
2. Learn the fundamentals of tooth color matching, layering technique, and veneer finishing
3. Learn the clinical indications of direct composite veneers

Dr. Hahn receives an honorarium from Coltene Whaledent.

MORNING

HANDS-ON WORKSHOP

LOCATION: POTOMAC 3 – LEVEL 2
COURSE - W450

TOPIC – COMPOSITES

Direct Posterior Composites: Balancing Efficiency and Long-Term Performance

Attendance limited to 50

Supported by Ivoclar Vivadent, Inc.

Michael R. Sesemann, DDS

8:30 am – 11:30 am

AGD Subject Code: 255

CE Units: 3.0P

Dentist

Intermediate

Clinical

Educational Objectives:

1. To understand proper adhesion protocol and application techniques
2. To understand the spectrum of indications for bulk-fill resin composite materials
3. To understand proper placement techniques to achieve optimum contacts and anatomy

MORNING HANDS-ON WORKSHOP

LOCATION: NATIONAL HARBOR 7 – LEVEL 3

COURSE - W451

TOPIC – BONDING

Transitional Bonding: A Realistic Experience Treating a Common but Challenging Case Type

Attendance limited to 50

Supported by Heraeus

Corky Willhite, DDS

8:30 am – 11:30 am

AGD Subject Code: 254

CE Units: 3.0P

Dentist

Foundational

Clinical

Educational Objectives:

1. Ability to add length to anterior teeth – for transitional and long-term success
2. Understand how to handle combination porcelain and composite cases
3. Learn a step-by-step technique to quickly rehab teeth with composite – transitional bonding

MORNING HANDS-ON WORKSHOP

LOCATION: POTOMAC 4 – LEVEL 2

COURSE - W452

TOPIC – VENEERS

The 3 C's of Composite Veneers, Color+Contour+Creativity=Gorgeous Composite Veneers

Attendance limited to 50

Supported by Cosmedent, Inc.

David Chan, DMD

8:30 am – 11:30 am

AGD Subject Code: 254

CE Units: 3.0P

Dentist

Foundational

Clinical

Educational Objectives:

1. Understand how to easily layer composite in anterior veneer cases
2. Learn simple creative techniques to emulate natural incisal translucency
3. Achieve predictable contouring, finishing and polishing techniques for optimal esthetics

MORNING HANDS-ON WORKSHOP

LOCATION: POTOMAC 5 – LEVEL 2

COURSE - W453

TOPIC – COMPOSITES

What Are the Emerging Options for Bulk Fill Today and Does Technology Play a Role?

Attendance limited to 50

Supported by Kerr Corporation, SDI, and Triodent

Scott Parker, DDS

8:30 am – 11:30 am

AGD Subject Code: 255

CE Units: 3.0P

Dentist

Foundational

Clinical

Educational Objectives:

1. Understand what is required of materials to be utilized for bulk fill and how to place them correctly
2. Learn the mechanisms of bonding systems and how to control sensitivity
3. Learn self-etching principles and how they are applied to composite resin

MORNING HANDS-ON WORKSHOP

LOCATION: POTOMAC 2 – LEVEL 2

COURSE - W454

TOPIC – ORTHODONTICS

Enhancing Craniofacial Development Naturally Via Removable Orthodontic DNA Appliance™

Attendance limited to 20

Supported by Appliance Therapy Group

Martha Cortes, DDS

8:30 am – 11:30 am

AGD Subject Code: 370

CE Units: 3.0P

Dentist

Foundational

Clinical

Educational Objectives:

1. Understand facial diagnostics using lateral cephalometric and sassouni analysis
2. Learn to enhance craniofacial development of teeth, jaws, and face
3. Understand the non-surgical treatment of airway, snoring, and obstructive sleep apnea

AFTERNOON

LECTURE

LOCATION: POTOMAC C – LEVEL 2

COURSE - L425

TOPIC – TREATMENT PLANNING

Meeting Patient Expectations in a Tough Economy

Ronald Goldstein, DDS

1:30 pm – 4:30 pm

AGD Subject Code: 735

CE Units: 3.0L

Dentist

Foundational

Clinical

Educational Objectives:

1. Know when to bond, laminate, or crown
2. Have an awareness of both ethical and evidence based treatment options for patients
3. Know how to best use the trial smile for more predictable results

Dr. Goldstein is a consultant and involved in clinical research with numerous corporations.

AFTERNOON

LECTURE

LOCATION: NATIONAL HARBOR 10 – LEVEL 3

COURSE – L426

TOPIC – TREATMENT PLANNING

The Art of Treatment Planning and Case Presentation

Lee Ann Brady, DMD

1:30 pm – 4:30 pm

AGD Subject Code: 184

CE Units: 3.0L

Dentist

Lab Tech

Foundational

Clinical

Educational Objectives:

1. Understand the treatment planning system
2. Understand the esthetic and functional exam and diagnosis
3. Learn how to create a case presentation

AFTERNOON

LECTURE

LOCATION: NATIONAL HARBOR 3 – LEVEL 3

COURSE - L427

TOPIC – IMPLANTS

Dental Implant Microsurgery – Implant Rescue

Dennis Shanelec, DDS

1:30 pm – 4:30 pm

AGD Subject Code: 704

CE Units: 3.0L

Dentist

Lab Tech

Advanced

Clinical

Educational Objectives:

1. Learn indications for dental implants and provisionals in maxillary anterior extraction sockets
2. Learn how to avoid post-surgical recession around dental implants using preventive grafting
3. Understand the differences in soft-tissue grafting around teeth and around dental implants

AFTERNOON

LECTURE

LOCATION: NATIONAL HARBOR 11 – LEVEL 3

COURSE - L428

TOPIC – SLEEP APNEA

Snoring is NOT Benign

B. Kent Smith, DDS

1:30 pm – 4:30 pm

AGD Subject Code: 160

CE Units: 3.0L

Team

Foundational

Clinical

Educational Objectives:

1. Discover what snoring can mean to your patients
2. Find out how your snoring patients can get diagnosed accurately
3. Learn various solutions to help your snoring patients

AFTERNOON

LECTURE

LOCATION: NATIONAL HARBOR 4 – LEVEL 3
COURSE - L429

TOPIC – ACCREDITATION (CASE TYPE V)

Case Type V Accreditation Lecture – Elements of Responsible Esthetics

Fred Arnold, III, DMD
Frank Milnar, DDS

1:30 pm – 4:30 pm
 AGD Subject Code: 254
 CE Units: 3.0L

Dentist

Foundational

Clinical

Accreditation Recommended

Educational Objectives:

1. Understand smile design concepts that create natural esthetics
2. Discuss and grasp the criteria of Case Type V essentials
3. Review material management, anatomical layering, finishing, polishing, and proper surface texture principles

Disclaimer: The American Board of Cosmetic Dentistry does not endorse any particular clinical technique or style, nor does it endorse particular products or materials. It is acknowledged that Accreditation success is not dependent on the technique or the materials used, but on the excellence of the final result.

Dr. Milnar receives an honorarium from Heraeus and Bisco.

AFTERNOON

HANDS-ON WORKSHOP

LOCATION: CHESAPEAKE 6 – LEVEL 2
COURSE - W430

TOPIC – ACCREDITATION (CASE TYPE IV)

Class IV Composite Resin Accreditation Workshop
Materials supplied by Tokuyama Dental America, Inc.

James Peyton, DDS

1:30 pm – 4:30 pm
 AGD Subject Code: 557
 CE Units – 3.0P

Dentist

Intermediate

Clinical

Accreditation Recommended

Educational Objectives:

1. Use a "putty matrix" to establish the lingual and incisal edge position
2. Learn how to layer the composite resin for a natural, life-like restoration
3. Learn to predictably contour and polish a restoration to natural tooth contour

Disclaimer: The American Board of Cosmetic Dentistry does not endorse any particular clinical technique or style, nor does it endorse particular products or materials. It is acknowledged that Accreditation success is not dependent on the technique or the materials used, but on the excellence of the final result.

AFTERNOON

LECTURE

LOCATION: POTOMAC 1 – LEVEL 2
COURSE - L431

TOPIC – IMPLANTS

Extraction and Immediate Placement in the Maxillary Anterior Region: Biology and Technical Consideration

Alex Hong, DDS, MSD

1:30 pm – 4:30 pm
 AGD Subject Code: 704
 CE Units: 3.0L

Dentist

Intermediate

Clinical

Educational Objectives:

1. Understand post-extraction healing biology and the decision making process in the maxillary anterior region
2. Learn how to make proper site preparation into the extraction socket and how to obtain secure primary stability
3. Learn how to manage peri-implant defects: intra-socket grafting vs. extra-socket grafting

AFTERNOON

LECTURE

LOCATION: NATIONAL HARBOR 12 – LEVEL 3
COURSE - L432

TOPIC – NEW DENTIST

How to Manage a Practice in Growth: The Keys for New Practice Success

Amy Morgan, BA

1:30 pm – 4:30 pm
 AGD Subject Code: 550
 CE Units: 3.0L

All Attendees

Foundational

Non-Clinical

Educational Objectives:

1. Learn how to "hit the ground running" and achieve your goals for service, profitability and balance of life
2. Recognize the real signs of your financial health and how to use them to inspire growth
3. Understand the keys to hiring and developing an outstanding, motivated, self-directed team and compensating and rewarding them fairly

AFTERNOON

LECTURE

LOCATION: NATIONAL HARBOR 13 – LEVEL 3
COURSE - L433

TOPIC – MARKETING

The No B.S. Course on Accountable Marketing for Your Dental Practice

Michael DiFrisco

1:30 pm – 4:30 pm
 AGD Subject Code: 552
 CE Units – 3.0L

All Attendees

Intermediate

Non-Clinical

Educational Objectives:

1. Learn a proven formula you can use to set and meet growth objectives with your marketing dollars to make your spending more accountable
2. Learn critical questions to ask local ad or media salespeople before you trust them with your money
3. Learn secrets to integrating multiple channels – including social media – to ensure your advertising message has a chance of cutting through the clutter

AFTERNOON

HANDS-ON WORKSHOP

LOCATION: POTOMAC 3 – LEVEL 2
COURSE - W460

TOPIC – REMOVABLE PROSTHODONTICS

Esthetic Smile Design for Dentures

Attendance limited to 50

Supported by Ivoclar Vivadent, Inc.

John Nosti, DMD

1:30 pm – 4:30 pm
 AGD Subject Code: 670
 CE Units: 3.0P

Dentist

Lab Tech

Intermediate

Clinical

Educational Objectives:

1. Use the smile design kit components to facilitate communication for proper positioning and selection of anterior teeth using patient specific criteria
2. Experience hands-on positioning and characterization of the maxillary anterior denture teeth
3. Define the various occlusal scheme options and their application to dentures, natural teeth and implant restorations

AFTERNOON

HANDS-ON WORKSHOP

LOCATION: NATIONAL HARBOR 6 – LEVEL 3
COURSE – W461

TOPIC – VENEERS

Creating Direct Anterior Composites Utilizing a New Pre-Fabricated Veneer System

Attendance limited to 24

Supported by Coltene Whaledent

Christian Hahn, DDS

1:30 pm – 4:30 pm
 AGD Subject Code: 254
 CE Units: 3.0P

Recommended lecture · L420 · Saturday, 8:30 am – 11:30 am

Dentist

Foundational

Clinical

Educational Objectives:

1. Experience complete reconstruction of the anterior region using a tooth model
2. Individualize the shape and texture of your composite veneer restoration
3. Complete your tooth preparation with final finishing

AFTERNOON

HANDS-ON WORKSHOP

LOCATION: CHESAPEAKE 4 – LEVEL 2
COURSE – W462

TOPIC – BONDING

Let's Stick Together...Simplifying Restoration Choice, Bonding, and Cementation

Attendance limited to 50

Supported by Bisco Dental Products, Garrison Dental Solutions, and Heraeus

Jack Griffin, DMD

1:30 pm – 4:30 pm
 AGD Subject Code: 254
 CE Units: 3.0P

Dentist

Foundational

Clinical

Educational Objectives:

1. Understand materials and techniques for simplified, sensitivity free indirect bonding and cementation of newer materials like lithium disilicate and zirconium
2. Learn to create a stable, long-term dental infrastructure by placing esthetic posts, dentin replacement, and dentin sealing for better bonds and less pain
3. Learn efficient posterior direct composite placement – preparation, bonding, matrix selection, and bulk fill

All-new AACD live education experience series

AACD Unplugged

Madison, WI | September 28-29, 2012

Indirect Anterior and
Posterior Ceramics with
Dr. Michael Koczarski

Fred Arnold, III, DMD

earned his DMD degree from the University of Kentucky in 1984. He is an Accredited Fellow Member of the AACD. He is the owner of the Cosmetic Dentistry Center of Lexington located in Lexington, KY.

Betsy Bakeman, DDS

earned her DDS degree in 1983 from the University of Michigan. Betsy is an Accredited Fellow Member of the AACD. She is the owner of Elizabeth M. Bakeman, DDS, The Art of Dentistry, located in Grand Rapids, MI.

Nasser Barghi, DDS

earned his DDS degree in 1967 from the University of Tehran. He is currently a professor and head of the Division of Esthetic Dentistry at the University of Texas Health Sciences Center at San Antonio, in San Antonio, TX.

Joyce Bassett, DDS

earned her DDS degree in 1983 from Ohio State University. Joyce is an Accredited Member of AACD. She maintains a private practice located in Scottsdale, AZ.

Michael Bellerino, CDT

earned his laboratory technician certificate in 1979 from Louisiana State University School of Dentistry. Michael is an Accredited member of AACD. He is the owner of Trindent Dental Lab located in Metairie, LA.

Lorin Berland, DDS

earned his DDS degree in 1981 from Loyola University School of Dentistry. He maintains a private practice located in Dallas, TX.

Diane Bernstein

became a registered radiology technologist in 1974 from the Baptist Hospital School of Radiology Technology. Diane is a Partner and Coach in Bernstein Consulting.

Mickey Bernstein, DDS

earned his DDS degree in 1975 from the University of Tennessee. Mickey is an Accredited Member of the AACD. He practices at Germantown Dental group and is a consultant with Bernstein Dental Consulting located in Germantown, TN.

William Blatchford, DDS

earned his DDS degree in 1970 from Loyola University of Chicago. He is president and coach at Blatchford Solutions located in Bend, OR.

Lee Ann Brady, DMD

earned her DMD degree in 1988 from the University of Florida. She is the owner of Lee Ann Brady, LLC, located in Phoenix, AZ.

Shannon Brinker, CDA, CDD

earned her Certified Dental Assistant degree in 2008. She is the owner of Contemporary Product Solutions.

David Chan, DMD

earned his DMD degree in 1989 from Oregon Health Sciences University. He maintains a full-time practice focused on cosmetic and comprehensive dentistry located in Vancouver, WA.

Paul Child, DMD, CDT

earned his DMD degree in 2005 from Case School of Medicine and his certified dental technician certificate in 2008 from LSU School of Dentistry. He is CEO of the CR Foundation located in Provo, UT.

Gordon Christensen, DDS, MSD, PhD

earned his DDS degree in 1960 from USC, his MSD degree from the University of Washington, and his PhD from the University of Colorado. He is the owner/director of Practical Clinical Courses located in Provo, UT.

Christian Coachman, DDS, CDT

earned his DDS degree in 2002 from Dentistry University of São Paulo, Brazil and received his laboratory technician certificate in 1995 through dental technology specialization training. He is the owner and a partner of Well Clinic Dental office located in São Paulo, Brazil. He is a consultant for Ivoclar Vivadent, Inc.

Martha Cortes, DDS

earned her DDS degree in 1985 from the University of New York at Buffalo School of Dental Medicine. She maintains a private practice in New York, NY.

John Cranham, DDS

earned his DDS degree in 1988 from the Medical College of Virginia. He maintains a private practice located in Chesapeake, VA.

Lee Culp, CDT

is the Chief Technology Officer for Dental Technologies Inc. (DT) and Director of the Institute for Oral Art and Design.

Peter Dawson, DDS

earned his DDS degree from Emory University. He is founder, partner, and director of The Dawson Academy located in St. Petersburg, FL.

Michael DiFrisco

has more than 20 years experience in marketing. He is the founder of How-to-Branding.com and developer of BrandXcellence DIY Brand Strategy Workshop.

Scott Finlay, DDS

earned his DDS degree in 1986 from the University of Maryland, Baltimore College of Dental Surgery. Scott is an Accredited Fellow Member of the AACD. He is the owner of Scott Finlay, DDS & Associates, PA located in Arnold, MD.

James Fondriest, DDS

earned his DDS in 1981 from the University of Illinois. He maintains a private practice located in Lake Forest, IL.

Karen Galley

is the president of Patient News Publishing located in Niagara Falls, NY.

David Garber, DDS

earned his DMD degree in 1981 from the University of Pennsylvania. He is a partner at Goldstein, Garber, & Salama located in Atlanta, GA.

Ronald Goldstein, DDS

earned his DDS degree in 1957 from Emory University School of Dentistry. He is a partner at Goldstein, Garber, & Salama located in Atlanta, GA.

Jack Griffin, DMD

is an Accredited Member of the AACD. He maintains a private practice located in Eureka, MO.

Christian Hahn, DDS

earned his DDS degree in 1998 from the University of Southern California School of Dentistry. Christian is an Accredited Member of the AACD. He is the owner of his practice located in Prospect, KY.

Mikako Hayashi, DDS, PhD

earned her DDS degree in 1987 from Osaka University School of Dentistry. She is an Associate Professor at Osaka University Graduate School of Dentistry located in Suita, Japan.

Paul Homoly, DDS

earned his DDS degree in 1975 from the University of Illinois College of Dentistry. Paul is the president of Homoly Communications Institute located in Charlotte, NC.

Alex Hong, DDS, MSD

earned his DDS degree in 1996 from Yonsei University College of Dentistry and his MSD degree in 1999 from the Graduate School of Yonsei University. He maintains a private practice located in Seoul, Korea.

Brian Hufford, CPA

earned his Bachelor of Science degree in 1974 from Indiana University. He is the owner of Hufford Financial Advisors, LLC, located in Indianapolis, IN.

Ronald Jackson, DDS

earned his DDS degree in 1972 from West Virginia University School of Dentistry. Dr. Jackson is an Accredited Fellow Member of the AACD. He is an associate dentist and lecturer for Jackson Professional Services located in Middleburg, VA.

Ken Jones, CDT

maintains his certification in crown and bridge as well as ceramics from the National Board of Certification. He is currently a technician at Micro-Dental Laboratories located in Dublin, CA.

EDUCATOR BIOGRAPHIES

Luke Kahng, CDT

is a certified dental technician. He is the owner of LSK121 Oral Prosthetics located in Naperville, IL.

John Kanca, III, DMD

earned his DMD degree in 1978 from the University of Connecticut. Dr. Kanca is an Accredited Fellow Member of the AACD. He is a consultant for Apex Dental Materials and maintains a private practice in Lake Zurich, IL.

Jason Kim, CDT

is a certified dental technician. He is the founder and president of Jason J. Ki Dental Aesthetics located in New York, NY.

Michael Koczarski, DDS

earned his DDS degree in 1989 from the University of Washington. Michael is an Accredited Member of the AACD. He maintains a full-time practice outside Seattle, WA.

Danièle Larose, DMD

earned her DMD degree in 1997 from the University of Montreal. She maintains a private practice located in Montreal, Canada.

John Leite, PhD

earned his PhD degree in 1979 from Virginia Tech. He is the owner of Cordova Psychological Associates, P.L.C. located in Cordova, TN.

Aldo Leopardi, DDS, BDS, MS

earned his DDS degree in 1985 from the University of Detroit, his BDS degree in 1993 from the University of Adelaide, South Australia, and his MS degree in 1997 from the University of North Carolina at Chapel Hill. He maintains his prosthodontics practice located in Greenwood Village, CO.

Jay Lerner, DDS

earned his DDS degree in 1982 from Columbia University. He is a partner at Lerner & Lemongello Dentistry located in Palm Beach Gardens, FL.

Brian LeSage, DDS

earned his DDS degree in 1983 from the University of Maryland. Brian is an Accredited Fellow Member of the AACD. He is the owner of Beverly Hills Institute of Dental Esthetics, located in Beverly Hills, CA.

Stephanie Lodding, RDH

earned her associates degree in Dental Hygiene in 1992 from MATC Madison. She is the owner of Now to Wow, LLC located in Elgin, IL.

Edward Lowe, DMD

earned his DMD degree in 1986 from the University of British Columbia's Faculty of Dentistry. Ed is an Accredited Member of the AACD. He maintains a private practice located in Vancouver, BC.

Brett Magnuson, DMD

earned his DMD degree in 1978 from Southern Illinois University. Brett is an Accredited Member of the AACD. He is the owner of a private practice limited to cosmetic and implant dentistry located in Kalamazoo, MI.

Mike Malone, DDS

earned his DDS degree in 1976 from LSU. Dr. Malone is an Accredited Member and past president of the AACD. He is the owner of Mike Malone, DDS & Assoc., located in Lafayette, LA.

Robert Margeas, DDS

earned his DDS degree in 1986 from the University of Iowa. He is a practicing member of the Iowa Dental Group located in Des Moines, IA.

Elliot Mechanic, DDS, BSc

earned his DDS degree in 1979 from McGill University. He maintains a private practice located in Montreal, QC, Canada.

Graeme Milicich, BDS

earned his BDS degree in 1976 from the University of Otago, New Zealand. He is the owner of Anglesea Clinic Dental Care located in Hamilton, New Zealand.

Frank Milnar, DDS

earned his DDS degree in 1976 from the University of Minnesota. Frank is an Accredited Member of the AACD. He is the owner of Killian and Milnar located in St. Paul, MN.

Carl Misch, DDS

earned his DDS degree in 1973 from the University of Detroit Dental School. He maintains a private practice in Beverly Hills, MI.

Morihiro Miyamae, PhD

earned his PhD degree in 1988 from Asahi University. He is the owner of Senri Perio Implant Center located in Toyonaka, Osaka, Japan.

Michael Miyasaki, DDS

earned his DDS degree in 1987 from the University of Southern California. He is VP of International Operations for LVI Global located in Las Vegas, NV.

Mark Montgomery, DMD

earned his DMD degree in 1980 from Oregon Health Sciences University. He is Chief Dental Officer with Dental Resource Systems located in Ft. Lauderdale, FL.

Amy Morgan, BA

is the CEO of Pride Institute located in Norato, CA and Bethesda, MD.

Mark Murphy, DDS, BS

earned his DDS degree in 1981 from the University of Detroit Mercy. He is VP of Clinical Education at DTI – MicroDental located in Dublin, CA.

Daniel Nathanson, DDS

earned his DMD degree in 1972 from Hebrew University and his MSD degree in 1988 from Boston University. He is a professor and chairman at the Boston University School of Dental Medicine located in Boston, MA.

John Nosti, DMD

earned his DMD degree in 1998 from the University of Medicine and Dentistry of New Jersey. He is the owner of Advanced Cosmetic and General Dentistry located in Mays Landing, NJ.

Wynn Okuda, DMD

earned his DMD degree in 1988 from Oregon Health Sciences University School of Dentistry. Wynn is an Accredited Member of the AACD. He maintains a private practice located in Honolulu, HI.

Bradley J. Olson, DDS

earned his DDS degree in 1983 from the University of Maryland and is an Accredited Fellow Member of the AACD. He is the owner of a private practice located in Waldorf, MD.

Nils Olson, DDS

earned his DDS degree in 1977 from the University of Maryland. Nils is an Accredited Fellow Member of the AACD. He is the owner of a private practice located in Frederick, MD.

Scott Parker, DDS

earned his DDS degree in 1996 from Loma Linda University School of Dentistry. He maintains a private practice located in Redmond, WA.

Fred Peck, DDS

earned his DDS degree in 1985 from Ohio State and is an Accredited Member of the AACD. He maintains a private practice located in Cincinnati, OH.

James Peyton, DDS

earned his DDS degree in 1982 from UCLA. James is an Accredited Fellow Member of the AACD. He maintains a private practice located in Bakersfield, CA.

George Priest, DMD

earned his DMD degree in 1972 from the University of Tennessee. He maintains a prosthodontics practice located in Hilton Head Island, SC.

Christopher Ramsey, DMD

earned his DMD degree in 1999 from Temple University and is an Accredited Member of the AACD. He is the co-owner of Ritter and Ramsey General and Cosmetic Dentistry located in Jupiter, FL.

Nelson Rego, CDT

is an Accredited Member of the AACD. He is the owner of Smile Designs by Rego located in Santa Fe Springs, CA.

EDUCATOR BIOGRAPHIES

J. A. Reynolds, DDS

earned his DDS degree in 1981 from the University of Tennessee. JA is an Accredited Member of the AACD. He is the owner of Franklin Smiles located in Franklin, TN.

Robert Ritter, DMD

earned his DMD degree in 1994 from the Medical University of South Carolina College of Dental Medicine in Charleston, SC. He is a partner of Ritter and Ramsey General and Cosmetic Dentistry located in Jupiter, FL.

Matthew Roberts, CDT

is an Accredited Member of the AACD. He is the owner of CMR Dental Lab located in Idaho Falls, ID.

Warren Roberts, DMD

earned his DMD degree in 1977 from the University of British Columbia. He is a dentist, lecturer, and trainer at the Pacific Training Institute for Facial Aesthetics located in Coal Harbour, Vancouver, BC, Canada.

Ernan Roman

is the president of Ernan Roman Direct Marketing located in Douglas Manor, NY.

Michael R. Sesemann, DDS

earned his DDS degree in 1981 from the University of Nebraska Medical College School of Dentistry. Michael is an Accredited Fellow Member of the AACD. He is the founder and owner of the Nebraska Institute of Comprehensive Dentistry located in Omaha, NE.

Dennis Shanelec, DDS

earned his DDS degree in 1969 from UCLA. He is the owner and director of Microsurgery Training Institute located in Santa Barbara, CA.

B. Kent Smith, DDS

earned his DDS degree in 1985 from Baylor College of Dentistry. He is a partner at 21st Century Dental located in Irving, TX.

Jaynie Smith

is the founder and CEO of Smart Advantage, Inc. located in Fort Lauderdale, FL.

Rhys Spoor, DDS

earned his DDS degree in 1983 from the University of Washington. Dr. Spoor is an Accredited Member of the AACD.

Ryan Swain, DMD

earned his DMD degree in 2002 from the University of Florida College of Dentistry. He is CEO and Clinical Director of Six Month Smiles, Inc. located in Scottsville, NY.

Tim Twigg

earned his Bachelor of Science degree in 1972 from the University of Oregon. He is the president and owner of Bent Ericksen & Associates located in Eugene, OR.

Eric Van Dooren, DDS

earned his BDS degree in 1982 from the Katholieke Universiteit Leuven (Belgium). He maintains a private practice focused on periodontics, fixed prosthodontics, and implants in Antwerp, Belgium.

Rachel Wall, RDH, BS

earned her RDH degree in 1991 from the University of North Carolina Charlotte and her Bachelor of Science degree in 1996. She is the owner of Inspired Hygiene, Inc. located in Charlotte, NC.

Marilyn Ward, DDS

earned her DDS degree in 1984 from the UTHSC at SA Dental School. She maintains a private practice located in Houston, TX.

Dennis Wells, DDS

earned his DDS degree in 1983 from the University of Tennessee. Dennis is an Accredited Member of the AACD. He is the owner of the Nashville Center for Aesthetic Dentistry located in Brentwood, TN.

John Weston, DDS

earned his DDS degree in 1989 from the University of Oklahoma. John is an Accredited Fellow Member of the AACD. He is the owner of Scripps Center for Dental Care located in La Jolla, CA.

NEW BOOKS FROM QUINTESSENCE!

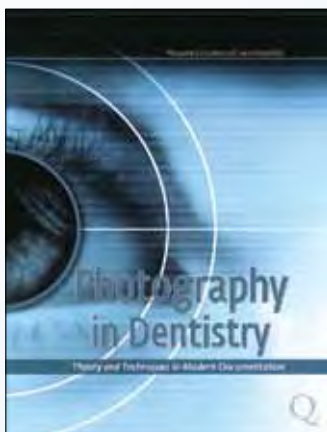

Interdisciplinary Treatment Planning, Volume II: Comprehensive Case Studies Edited by Michael Cohen

Volume I of *Interdisciplinary Treatment Planning* paved the way to a higher level of proficiency in case planning by introducing and illustrating essential principles employed by master clinicians in their quest for predictability and excellence. This second volume takes readers to the next important step: learning by repetition through the presentation of additional cases treated by master clinicians from every specialty. Each is introduced by the clinician, who provides the rationale for choosing the particular case, a suggested

focus in treatment plan design, key elements to consider when planning the case, and what the reader can expect to learn from the process. The case presentations follow the format established in the first volume: Diagnostic findings and pretreatment images are presented first to allow the reader to develop a treatment plan, then the master clinician's proposed treatment plan and account of actual treatment provided are detailed, accompanied by treatment and posttreatment images. Continuing the innovative educational approach of the best-selling first volume, this book provides the opportunity to learn through the experience of developing comprehensive treatment plans under the guidance of master clinicians.

536 pp; 1,226 color illus; ISBN 978-0-86715-501-3 (B5013); **US \$378**

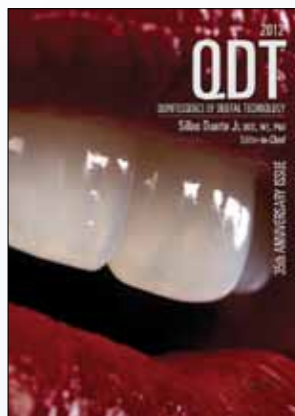

Dental Photography: Theory and Techniques in Modern Documentation

Pasquale Loiacono and
Luca Pascoletti

Whether they are used for patient communication, consultation with a laboratory or colleague, diagnosis, clinical or legal records, or scientific presentation or publication, images are a much more powerful means of communication in the field of dentistry than the spoken or written word. However, dental photography is lacking set standards that would allow the continuity and reproducibility essential to clinical and scientific documentation. To address this need, this book presents guidelines for

photographic documentation that will enable practitioners to produce images that faithfully convey clinical data. Precise instructions, including the positions of the patient, assistant, and practitioner; camera settings and flash positions; aiming and focal points; and the types and positions of required accessories are detailed in text and images, and an example of the desired final image is provided.

336 pp; 847 color illus; ISBN 978-88-7492-169-0 (B9516); **US \$160**

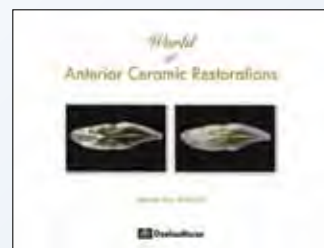

Quintessence of Dental Technology 2012 35th Anniversary Issue! Editor: Sillas Duarte, Jr

The 35th anniversary issue of QDT is an impressive compilation of original articles by some of the masters in esthetic dentistry on the newest concepts, laboratory techniques, and materials for restorative dentists and dental technicians. Ultraconservative esthetic treatment and nature-inspired restorations are a main focus of this year's issue, which also includes special articles on digital smile design as a tool for treatment planning and the perio-prosthetic connection in treating an ankylosed central incisor. This beautifully produced 35th

anniversary issue will not only educate but will also inspire readers to excellence.

200 pp (approx); 850 color illus (approx);
ISBN 978-0-86715-562-4 (J0623); **US \$118**

World of Anterior Ceramic Restorations Yeejoon Koh

This beautifully designed and visually stunning clinical atlas offers myriad clinical situations in which anterior ceramic restorations can be used to correct esthetic problems. Each section presents one case that focuses on a distinct set of esthetic and dental con-

ditions that necessitate restoration, such as fracture, crowding, rotation, asymmetry, discoloration, contour, caries, or implant considerations, among others. The case presentation begins with views of the definitive esthetic result alongside a succinct, multilingual (English, German, Japanese, and Korean) description of the initial conditions and the procedure used, and ends with the clinical images illustrating the procedure, step-by-step. With its inviting presentation and its emphasis on the visual component, this book is intended as a communication tool between the dentist, the ceramist, and the patient: It functions as a guide to various approaches for the dentist, a tool for understanding tooth shape and conditions for the ceramist, and a preview of the esthetic result for the patient. Because communication and cooperation between these three parties are essential for a successful esthetic outcome, this book is an indispensable resource for any esthetic dentist.

216 pp; 614 color illus; ISBN 978-89-5741-207-7 (BC997); **US \$120**

NEW FOR 2012!

15 MORE REASONS TO VISIT THE EXHIBIT HALL

Member Pearls—Continuing Education Nuggets of Knowledge to Make You a Better Practitioner

Don't miss the new "Member Pearls" micro-lectures located adjacent to the Operatory of the Future in the exhibit hall, Thursday, Friday, and Saturday. These quick-bite, 45-minute educational segments are ideal for capturing pearls of wisdom from AACD members with unique perspectives and approaches on cosmetic dentistry topics from gummy smiles to CAD/CAM technology. PLUS, you'll earn one CE credit for each micro-lecture you attend. See below for a complete schedule of subjects and speakers, and be sure to take a load off while making your way through the exhibit hall and take in a pearl or two.

Exhibit Hall CE Schedule | Location: Exhibit Hall C, D, E

Thursday, May 3

Title	Speaker	Time
Taking Your Practice to the Laser Level.....	Mike Kocaja, DDS.....	11:30 am – 12:15 pm
CAD/CAM & Cone Beam Integration.....	Patterson Dental.....	12:30 pm – 1:15 pm
Zero Sensitivity Bleaching	Marty Zase, DMD.....	1:30 pm – 2:15 pm
Single Centrals I Have Known	C. Lee Wyant, DDS.....	2:30 pm – 3:15 pm
Gummy Smiles You Won't Believe	Paul Jacobs, DDS.....	3:30 pm – 4:15 pm
Provisionals for Minimal Preparations	Susan Hollar, DDS.....	4:30 pm – 5:15 pm
Apple and the AACD Dentist	Mark Whitefield, DDS.....	5:30 pm – 6:15 pm

Friday, May 4

Title	Speaker	Time
Practice Success – utilizing the "On Track" Business Intelligence System	Patterson Dental.....	11:30 am – 12:15 pm
Digital Restoration Solutions	Ed Suh, DDS.....	12:30 pm – 1:15 pm
Rescuing Incompletely Seated Crowns on Implant Abutments.....	Dennis Hartlieb, DDS.....	1:30 pm – 2:15 pm
Multidisciplinary Treatment Plans in the Adult Patient – Step-by-Step and Rationale.....	Farhan Durrani, BDS.....	2:30 pm – 3:15 pm
Anterior Aesthetics: Space Management: A Multi-disciplined Approach	John Calamia, DDS.....	3:30 pm – 4:15 pm
Restorative Design 2012.....	Jeff Lineberry, DDS.....	4:30 pm – 5:15 pm
Synergizing Function with Beauty in Esthetic "High Risk" Patients.....	Alisger Tunkiwala, BDA.....	5:30 pm – 6:15 pm

Saturday, May 5

Title	Speaker	Time
The Artist Within: How to Create Exception Looking Provisionals	Jay Lerner, DDS.....	11:30 am – 1:15 pm
CAD CAM Technology Can Change Your Practice	Sabiha Bunek, DDS.....	1:30 pm – 2:15 pm
Getting and Giving More Than You Expected	Steven Andreus, DDS.....	2:30 pm – 3:15 pm
Pearls: The Top 10 List of What I Didn't Learn in Dental School.....	Danine Fresch, DDS.....	3:30 pm – 4:15 pm
8 Profit Care Driven® Management Activators to "Trigger" NOW!	Rhonda Mullins.....	4:30 pm – 5:15 pm

WHAT'S NEW IN DENTAL TECHNOLOGY?

It's in the Exhibit Hall

Aside from learning new skills and techniques at this year's conference, you'll also want to learn about the latest in dental technology. That's why you'll want to make a visit to the exhibit hall one of your top priorities! This year's exhibit hall is your one-stop shop for great deals on supplies, new technologies, and even ways to give back to the AACD Charitable Foundation.

New this year to the exhibit hall is an educational theater, "Member Pearls," where several AACD Members will present white papers on selected dental topics. Stop by and learn something new!

Want to see the future of dentistry? Visit the Operatory of the Future, which will have two full operatories featuring the latest in innovations and dentistry supplied by Henry Schein, Patterson Dental and Midmark Corporation.

For the latest in dental products, check out AACD Product Premiere, presented by Dentalcompare. Also, look in your conference tote bag for a coupon book you can use to nab the best deals on supplies for your practice.

Giving back has never been so easy—all you need is a winning bid! The AACD Charitable Foundation will host the silent auction in the exhibit hall, giving you an opportunity to take home a great gift to remember DC—and help survivors of domestic violence! An iPad 2 is among this year's big ticket items! Bid early and often to support the foundation!

Exhibit Hall Schedule

Location: Exhibit Hall C, D, E

Thursday, May 3

Exhibit Hall hours 11:00 am - 7:00 pm

Exhibit Hall Social 4:30 pm - 6:00 pm

Awarded Top Matrix System for 2012

Garrison
Dental Solutions

COMPOSI-TIGHT
3D

Our new 3D design is the top matrix system.

Composi-Tight 3D™ represents our 15 years of leadership advancing the art of posterior composites. The result for your practice is the ultimate in predictable, tight and anatomically accurate contacts.

The new Composi-Tight 3D Clear™ with cure-through rings and advanced transparent matrices offers complete control over composite polymerization. It has the same award-winning, flash-free design with all new cure-through materials.

3D and 3D Clear are the easiest, fastest and most flexible systems we've ever produced. Call today for kit options and pricing.

EXHIBITOR BLACK FRIDAY SPECIALS

Benco Dental727

Make It A Point To Seek Out AACD Benefits Partners In The Exhibit Hall

The exhibit hall in Washington, DC, will be hopping with activity, new product introductions, and the latest in tools, materials, and services to support your business.

The hall also showcases AACD benefits partners (those organizations that provide some of your member benefits) as well as promotional partners that help us get the word out about AACD to other dental professionals.

Please stop by and thank these vendors for their efforts on behalf of the Academy to add value to your membership:

Member Benefits Partners
